DEAD BODY ON SHOTBOLT HILL

ELDERLY MAN SHOT
IN BACK OF HEAD

Police Unravelling Mystery of
Tragedy Discovered by Henry
Martin—May Be Suicide

The police of the city and the Oak Bay municipality are working to unravel a mystery arising out of the discovery yesterday of a body of an elderly man found lying dead and with a bullet in his head on Shotbolt hill, in the Oak Bay municipality.

Whether it is a case of suicide or wilful murder is unknown, but the light thrown on the matter by the police leads to the supposition that either hypothesis may be proved correct when the police have pursued their enquiries further.

The theory which leads to the belief that murder may have been committed is the fact that the bullet is still in the skull, lodged in the frontal bone and having torn a pathway through the brain from the point of entry at the back of the head.

Clutched tightly in the hand of deceased, whose name is unknown, was found a revolver, which but for the fact that the bullet entered the rear of the head would lead the police to believe it to be a case of suicide. The fact that the body was found on the rise of the hill, and that the path of the bullet would correspond with that taken by a missile from a fire arm discharged from below, provides for the possibility of a murder having been committed.

The body was discovered by Henry Martin, 590 St. Charles street, who was passing along the shore front and found the body close to McNeill's rocks. The city police were communicated with, and Detectives Hutchison and Handley went to the scene and took charge of the body.

Entirely without papers of any kind or jewelry by which the body could be identified, the detectives were baffled in their attempt to establish its identity. It was removed to the parlors of the B. C. Funeral Company.

From the state of the body the police believe the man has been dead for about two days. It is that of an elderly man, aged about 55 or 60 years. The clothing was of good quality and lying alongside was an overcoat of fashionable make. In the clothes the detectives found four American ten dollar bills, and about four dollars in silver.

The police believe it possible that deceased, however he came by his death, may have come here from the United States. This belief is enhanced by the finding of only American money in the dead man's effects.

The Oak Bay constable has been making enquiries which have thrown no further light on the matter, other than the information gained by the city detectives. An inquest will be held to-morrow.

RESERVES CALLED OUT IN SPAIN

ACTION TAKEN TO TEST
LOYALTY OF TROOPS

Revolutionists Are Smuggling
Arms and Preparing for Im-
mediate Uprising

(Times Leased Wire.)

Madrid, via Hendaye, Oct. 10.—With the increasing turbulence throughout Spain and the greater activity of outside agents, the revolutionists who are successfully smuggling arms into Barcelona and the towns along the French border, the Spanish government is becoming more repressive in its measures and all leaders admit to-day that an uprising is imminent.

The government called the first reserves to the colors to-day. It is believed this was done to test the loyalty of the troops. Many of the government leaders are doubtful of the loyalty of the army to King Alfonso and the Republicans openly claim that the army will desert the king when the revolution begins.

The Republicans are fostering an immediate uprising. Armies have been established in secret places where arms and ammunition are being collected. Circulars are found everywhere appealing to the Spaniards to attack the government and citing the successful Portuguese revolutionists.

BURNED TO DEATH.

St. John, N. B., Oct. 9.—Dr. Harlan Page Reynolds, an esteemed resident of Le Preau, a few miles from St. John, was burned to death at his home. It is presumed that he got up and struck a match to see the time and set fire to either his clothing or some of the fittings. In endeavoring to put out the flames he fell, death resulting from suffocation.

Dr. Reynolds was a son of the late Mr. W. K. Reynolds, builder of the St. John suspension bridge and a prominent physician. For thirty-eight years he practiced medicine in St. John and Le Preau. He was 70 years of age.

WARNS INVESTORS.

(Special to the Times.)
London, Oct. 9.—A. A. Watts, of Westminster, B. C., writes to the press warning British investors against indiscriminate investments in the enterprises of Canada.

FIFTY-ONE MEN ARE ENTOMBED

IMPRISONED BY
EXPLOSION IN MINE

Escape Cut Off by Fall of Earth
—Afterdamp Retards Work
of Rescuers

(Times Leased Wire.)

Trinidad, Colo., Oct. 10.—Fifty-one miners are in a living tomb to-day at Starkville, with absolutely no hope for their rescue alive, save through a miracle. All night long the workers toiled in the glare of acetylene torches and electric lights, to aid the imprisoned men, but the rescuers, impeded by afterdamp, were compelled to abandon their places at daybreak to save their own lives.

While the men worked in the glare of the flickering lights, a temporary morgue was being prepared. Under the direction of the coroner of Las Animas county, deputies transformed a machine shop of the Colorado Fuel and Iron Company, owners of the mine, into a charnel house, while women relatives of the entombed men dully watched the ghoulish preparations apparently unable to comprehend their significance.

The men in the "Old Stope" or east-end stope of the mine, which was destroyed by an explosion, presumably of fire damp Saturday evening, are in two blockaded chambers. One band has been located about two and a half miles from the mouth of the mine and the other a mile further on. There are six Americans and one negro among the doomed men. The remainder are Italians, Mexicans and Poles.

The main tunnel fills repeatedly with the deadly damp, even though large fans on a motor car frequently is sent in to clear out the gases. The explosion is believed to have occurred five miles from the mouth of the mine but the shocks dislodged great masses of earth which splintered the stopes and shut off the escape of the men.

The only hope for the entombed men is to force their way through the clogged and gas-filled main tunnel or make their way to an old tunnel leading to the Engleville mine, which adjoins the Starkville workings. Several years ago, during a fire in the Engleville mine, this tunnel was walled up.

Scores of workmen are now frantically tearing into the masonry with picks and small charges of powder in the hope of aiding the men to gain their freedom.

Throughout the night the helpless women, wandered from group to group of exhausted and resting workers, reiterating hopelessly "any news?" Always the answer was that rescue was impossible. Human life cannot exist in the gas-filled tunnels, the only hope being that the men found refuge in abandoned workings free from the fumes.

One Italian mother, crazed by the strain of watching and waiting, bade her eight children kneel in prayer. She was seized just as she prepared to plunge a knife into the heart of the child kneeling nearest her. Similar harrowing scenes occurred in other parts of the property, as most of the entombed men are married.

One theory of the explosion is that a miner opened his lamp in an old tunnel and that collected dust exploded. The mine was considered safe. Blast had been forbidden and the use of powder was not necessary as the coal could be dislodged with the pick.

Working with the fan, the rescuers reached within a mile of the imprisoned men and State Mine Inspector Jones said he expected to reach the scene of the explosion late this afternoon.

"There is still a chance that the men are alive," he said. "There are many cross-cut airways in the labyrinth of the tunnels and it is possible some of the men found safety in chambers." A discrepancy in the estimates of the number in the mine at the time of the explosion has developed. The company claims that 51 men were in the mine, while the miners declare that there were 50 men in the workings.

The miners assert that the dust was very thick and that three weeks ago the company began laying pipes to the farther stopes to allow the dust. Anita Gonzales, wife of one of the entombed men, walked near a live wire with her infant. The baby seized the wire and was electrocuted. When told of the child's death the mother became insane.

TWO KILLED IN WRECK.

Everett, Wash., Oct. 10.—The Great Northern Kansas City train at Skyhook crashed into a freight train, killing Engineer J. W. Miller and brakeman B. E. Willes. Both were members of the freight train. No passengers were hurt. The accident was due to the fact that the freight train failed to entirely clear the main line.

SOLDIERS GUARD MINES.

New Orleans, La., Oct. 10.—Honduran soldiers to-day guard the mining properties of Americans at Amapala, according to a private message received here. It is expected that the United States gunboat Princeton will land marines to regain the properties. There is no evidence to connect former President Bonilla with the present trouble.

TO SWIM SAN FRANCISCO BAY.

San Francisco, Cal., Oct. 10.—Harold Hailey, a French swimmer, will make an attempt to swim across San Francisco Bay Thursday. He has medals from the French government for swimming from Dunkirk to Calais, France, a distance of eight miles, which he covered in 6 hours and 29 minutes.

WHEN THE "ANNOUNCEMENT" COMES.

(With Apologies to the Winnipeg Free Press.)

PATCHING UP RAILWAY PLAN

"ANNOUNCEMENT" MAY BE
EXPECTED VERY SOON

Thought That Mackenzie & Mann
May Run Trains Over Vic-
toria & Sidney Line

Strenuous efforts are being made to patch up some sort of a railway project to satisfy the people of Victoria and Vancouver Island. A week or two ago the Times gave a semi-official report on the proposals in regard to the route of the Canadian Northern railway, in so far as the negotiations had progressed at that time. It was then proposed by the railway company to run the ferry from Port Mann to Mill Bay, and construct the railway up the Cowichan valley, and going north of the Cowichan lake, pass on to a point in the neighborhood of Nitinat lake. The route was considered as the right one would come out at a point near the mouth of Alberni Canal on Barclay Sound. Tunneling powers were to be secured over a line which is to be built by the B. C. Electric railway from Deep Bay, until such time as the other line was constructed, and then Mill Bay would be connected with Victoria by way of Goldstream.

Negotiations have been going on since that time, and the latest rumor is that the Canadian Northern railway will have running rights over the Victoria & Sidney railway into the city, and that the line will then be constructed by way of Metcheson to Peddars Bay, turning to the right at that point it will skirt Sooke Harbor, and from that point to the Cowichan valley, and south of Cowichan Lake to Barclay Sound or Alberni Canal. This route would open an entirely new country and would be of more service to Victoria than would the route first mentioned.

What gives color to this proposal is the fact that L. C. Gilman, representing the Great Northern railway, was in town last week, and that he was in consultation with the representatives of Mackenzie & Mann in this city. On the other hand Manager Van Sant, of the V. & S., has heard nothing of the arrangement, and says he considers it very improbable, although possible. It is doubtful, too, if the citizens of Victoria would consider this a fulfilling of the pledges of the premier. There was at the time of the election no hint of this plan, which would be simply the transference of one line to another, and not the introduction of anything new. There is already a ferry running to and from the Fraser river and Sidney.

Should the railway take the route suggested via Sooke, it will at once kill any possibility of a railway by the west coast, something which Mackenzie & Mann would be only too glad to do. It will serve that country and also pierce the lumber districts of the interior. On Alberni Canal it is hardly expected that the railway will make its terminal point at Alberni, as it is always the policy of the Canadian Northern to open its own townships, this being one of the most fruitful sources of income for the promoters. The townships are held, not by the rail-

CRUISER NIOBE SAILS TO-DAY

Devenport, Oct. 10.—Admiral Sir Frank Hawke to-day inspects the Niobe, which leaves to-day for Halifax.

The Niobe is expected to arrive at its destination on 21st inst., Trafalgar Day.

The vessel is like the Rainbow. Infocantians are sold in the canteen and instead of H. M. S. on the ribbons of the sailors' caps, they have H. M. C. S.

LOCK SHERIFF IN CELL AND ESCAPE

Armed Poses Are Searching for
Prisoners Who Break Out
of Jail

(Times Leased Wire.)

Santa Ana, Cal., Oct. 10.—Armed posse are searching the foothills around Santa Ana to-day for Bonnie and Clyde. Malina, prisoners in the county jail, who escaped after overpowering Sheriff Lacy and locking him in a cell with Miss Christine Kerl, formerly a missionary, who was holding a religious service in the prison. Sains was awaiting trial on a charge of murdering Jose Machado on a sheep ranch near Huntington Beach. Malina was charged with forgery and, according to the authorities, has a long police record.

The men escaped when Lacy came to their cell to open the door for Miss Kerl, who had concluded her services. As the sheriff opened the door Sains struck him a stunning blow between the eyes. Malina dragged him into the cell, and after springing through the door, turned the key.

The men rushed from the jail and seized two bicycles from the curb. On their way they secured a rifle and a revolver from the jail office. They escaped into the hills north of the city.

ATTEMPT TO ROB STREET CAR PASSENGERS

(Times Leased Wire.)

Seattle, Wash., Oct. 10.—John W. Clark, 23 years old, who says he is employed in a local brewery, is held in jail here to-day and is believed to be the leader of the street car bandits who have terrorized passengers on the Owl street cars running into the suburban districts during the early morning hours.

Three men, of whom Clark was one, boarded a street car at 2 o'clock in the morning and started a fight. One of the men pulled the trolley from the wire, and in the darkness tried to hold up the passengers. The conductor and motorman fought the men off, although all were armed, and managed to hold Clark until the police arrived.

MINERS STRIKE IN NOVA SCOTIA

INJUNCTION AGAINST
PICKETING IGNORED

Seven Officials of Union Are Ar-
rested—Hearing of Case
Adjourned

(Special to the Times.)

Halifax, Oct. 10.—The troubled mining centre of Spring Hill had looked for excitement during the past week. Following an injunction granted by Judge Drysdale, which virtually stopped picketing, a period of lethargy set in. Men came to Spring Hill and found employment with the company without interference by strikers. Last week the scene changed. James B. McLennan, provincial organizer of the United Mine Workers, arrived in the week. A mass meeting of strikers was held behind closed doors and the morning following picket duty of an aggressive although passive character was resumed in greater force than ever before. Those of the strike-breakers who did not live behind the pallade had to run the gauntlet of freedom to 400 men.

The company acted quickly and had warrants issued for eight of the principal United Mine Workers. The men arrested were J. B. Moss, of Nova Scotia, United Mine Workers executive; A. C. Bonnyman, president of the local lodge; Emil Michelson, Lionel Debar, Richard Richards, W. A. Matix and David Colwell. The last mentioned is an elder of the Presbyterian church and is one of the most highly respected citizens in Spring Hill.

The trial was called for Saturday afternoon before Stipendiary Ross but before any evidence was taken an adjournment was made until next Saturday at 10 o'clock. Mr. Moss expressed the view that the men would ultimately win out, that the mines could not be successfully operated by the class of labor employed, and that the longer the company operated under existing conditions the more money it would lose.

Against the statement of Mr. Moss must be placed some facts. The company is steadily increasing its coal output, it has about as many men employed as it desires and while the portion of them are far from desirable citizens, many are from Glace Bay and other Cape Breton collieries, and are experienced miners.

There is no sign of yielding on either side.

JAPANESE DESTROYER.

Tokio, Oct. 10.—The largest torpedo boat destroyer in the Japanese navy was launched to-day at the Maizuru naval station. The new vessel was named the Umikaze. It has 1,150 tons displacement and a speed of 32 knots an hour. The launching ceremonies were witnessed by a large crowd, including the Crown Prince.

FEAR OUTBREAK.

Hongkong, Oct. 10.—British naval officials are apprehensive of anti-foreign outbreaks at Canton. Inquiries have been instituted with a view to taking measures for the protection of British subjects there.

HUNDREDS REPORTED TO HAVE PERISHED

Appalling Loss of Life in Forest Fires—Many Are
Missing in Zone Swept By Flames—Number
of Towns Wiped Out.

(Special to the Times.)

Winnipeg, Oct. 10.—Seven towns, Beaudette, Spooner, Gracetown, Pitt, Cedar Spur, Swift and Roosevelt have been wiped out. Five hundred persons are reported to have perished.

The first Canadian Northern train in several days reached here at 11:05 this morning from Fort Francis, this being the Duluth special. Traffic has thus been resumed through the fire swept zone, but through traffic has not yet been established from Fort Francis east to Fort William. Telegraphic communication, however, has been restored, the wire being strung along the trees in sections where poles were burned.

J. K. Cameron, general superintendent of the Canadian Northern, says the published reports placing the total dead at five hundred are probably conservative. He returned from the scene of the disaster on a special train this morning. If the fire has reached Rapid River not a settler can have escaped, and the loss will be great.

It will be a month before a list of the total deaths will be available and even then the fate of many transient laborers in mills may never be known.

Many Homeless.

Fifty houses and two mills burned at Rainy River. Several hundred persons are homeless. Lumbermen declare the loss of standing timber will total many millions.

The Rat Portage Lumber Company's mill at Rainy River is practically an entire loss. It was valued at \$150,000. The Rainy River Lumber Company's mill and 40,000,000 feet of lumber is intact.

New Beaudette and New Spooner are wiped out, but both old towns are saved. The Beaudette-Matthews mill, valued at \$200,000, together with 50,000,000 feet of lumber, the biggest lumber pile on the continent, the plant being located at the junction of the Beaudette and Rainy River, has also been saved, owing to the splendid fire-fighting appliances of the mill.

A number of refugees were on the train, but although local charity associations had made preparations for receiving the injured, none of these were brought in temporary hospitals having been established at various points near the scene of the calamity.

Appeal for Assistance.

Among the passengers was W. A. Preston, M. P. P., who is wiring the Ontario government from here asking for help for Rainy River. He says that the wind has dropped and the situation for the time being is under control, but that if the wind shifts to another quarter Rainy River must be destroyed.

Fort Francis sent up all fire appliances they could spare and big gangs of men have been contributed from all along the line to stem the tide of conflagration at the Canadian boundary.

A regiment of state militia arrived at Beaudette to-day and has taken charge there.

Seventy-five dead are gathered in the morgue at Beaudette.

John Golvin, wife and three children were burned to death while seeking safety.

John McAnny and Fred Brekz spent all night in the river, submerged, to the neck to escape the flames.

The state fire warden is mustering every man he can procure to fight the flames.

Winnipeg has sent thirteen men, two engines and 3,000 feet of hose in response to the appeal from Warroad.

Warroad bridge was burned and a freight train plunged through, a drop of 30 feet.

Bodies Recovered.

Rainy River, Ont., Oct. 10.—One searching party has returned from the fire zone bringing the nine bodies of the Betch family, consisting of father, mother and children. They had only got a short distance from their home when overtaken by the fire.

George Woer, Chas. Baker and Patrick O'Mara, who were missing, have turned up. Woer and Baker got to the Rapid river ahead of the fire. Woer plunged into the water and kept under as well as he could, but is burned badly about the hip where his body showed above the water while the flames were passing over. Baker dug out a trench in the bank hastily with his hands and protected himself from front with a blanket. He escaped with minor injuries. O'Mara seeing he would be unable to keep ahead of the fire, went back to his log shack and started a fire on the edge of his clearing which advanced sufficiently to protect him, although he nearly suffocated.

Of the four Iowa men out looking for homesteads two of the bodies have been found, another member of the party is still living although badly burned, and the fourth is missing.

Chas. Baker counted 13 bodies on his way to town. These are all within a radius of six miles of Beaudette. How many will be found farther out can not be ascertained.

People are sending their families east.

on special trains made up here for Fort Francis where they can transfer to Duluth.

Vigilance Committee.

The citizens of Rainy River held a mass meeting yesterday afternoon and organized a vigilance committee. Fifty men are guarding the streets.

Walter Farlos, attacked by unwilling fire-fighters, is reported by Dr. Amos having a very slight chance of recovery. He cannot talk intelligibly but in answer to questions as to how many men attacked him, said three.

Policeman McMahon found some soap near the scene of the outrage, which indicated the men were interrupted preparing soap to blow a safe. One man was arrested yesterday. He was noticed pretending to have an arm. Some of the railway boys made the man strip, when his other arm was found safely buttoned up under his shirt.

Fire Fighters Dispatched.

(Times Leased Wire.)

Rainy River, Ont., Oct. 10.—Seventy persons are dead, 2,000 are missing and appeals for help are coming from the fire-swept forest areas surrounding Beaudette, Spooner and Pitt. Sixty bodies have been recovered.

The estimates of the total dead range from 200 to 500.

A majority of the missing are believed to have taken refuge in isolated villages which cannot be reached by wire. The towns of Warroad, Minn., and Sprague, Manitoba, are threatened with destruction. Fires are within seven miles of Sprague and 20 miles from Warroad.

The Canadian Northern railway has dispatched special trains bearing fire apparatus and fire fighters in the direction of Warroad, which is reported surrounded by flames.

The total monetary loss thus far is estimated at \$2,000,000. Cut and standing timber, telegraph poles and railroad tracks have been burned in the fire zone.

At least 100 residents of Beaudette still were unaccounted for at this afternoon. Most of the homesteaders in the fire district are missing, and it is feared that they may have perished by fire in the isolated country between Warroad and Rainy River.

Two special trains which passed this section last night narrowly escaped destruction. Physicians are hurrying into the stricken section from all nearby towns.

While Beaudette burned two thousand persons gathered to board a special train.

(Concluded on page 4.)

MANUEL WILL LIVE IN ENGLAND

BANISHED KING
IS OFFERED HOME

Arrests of Priests and Nuns in
Portugal Continue—Church
Property Confiscated

(Times Leased Wire.)

Gibraltar, Oct. 10.—Exiled King Manuel and Queen-Mother Amelie of Portugal have been offered an asylum in England and will depart immediately. It is reported that Manuel is verging on physical breakdown and is being treated by specialists who boarded the yacht Amelie.

Priests and Nuns Arrested.

Lisbon, Oct. 10.—The arrest of monks and nuns throughout Portugal continued to-day, accompanied by looting and sacrilege on the part of the uncontrolled mobs. The government is at a loss for a place to send the priests condemned to exile. The Republican agents have confiscated church property but are unable to prevent looting.

Priests and nuns, it is reported, have been subjected to indignities and many are said to have been slain.

Cardinal Netto, former Patriarch of Lisbon, and Bishop De Vasconcellos of Beja, were escorted across the frontier into Spain. The Marquis De Ohmhel, head of the Jesuits in Portugal, is under arrest.

Children in parochial, monastery and convent schools have been returned to their homes.

Later it became known that Cardinal Netto had been released. The government is using every effort to protect monastic and convent buildings.

The United States cruiser Des Moines and the British cruiser Venus arrived to-day.

NEW CONSUL.

(Special to the Times.)
London, Oct. 10.—The King has approved the appointment of D. F. Walker as United States consul at Vancouver.

BANK ROBBERY AT VANCOUVER

OFFICIALS LOCKED IN VAULT BY ROBBERS

Two Masked Men Release Their Prisoners After Securing Over \$1,000

(Times Leased Wire.)

Vancouver, B. C., Oct. 10.—After a day's hunt local police have no clue to the men who held up the Royal Bank on Saturday night.

With a coolness and daring which stamped them as old hands at the game, two masked men held up and robbed the Grandview branch of the bank at Napier street and Park drive, shortly after that institution had closed its doors for the week and right under the eyes of passers-by on the street locked the officials in the vault, while they ransacked every drawer in the till. When they had taken all the money in sight, the total of which is placed at more than \$1,000, they opened the safe door, told the bank officers they could come out and then took their departure while a grocery store keeper across the street was telephoning to the police and several residents of the neighborhood watched them disappear.

CHARGED WITH MURDER.

Winter, Wis., Oct. 10.—Mrs. John Deltz and her son, Leslie, age 14, were charged with murder in the first degree by a coroner's jury to-day in connection with the death of Deputy Sheriff Harp, whose body was found near the cabin of Cameron dam, after a five days' battle there between the sheriff's forces and the Deltz family.

The jury found it would have been possible for the bullet that killed Harp to have been fired only from the Deltz cabin, or from the barn, where Leslie was in hiding. The elder Deltz and Leslie are known to have fired from both places.

Mrs. Deltz was not seen to fire a shot by any of the deputies in the besieging party, but she is known to be a dead shot and a fearless woman.

The time used is Pacific Standard, for the 12th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

An automatic foot warmer, which receives its heat by the circulation of hot water from the cylinder jacket of the motor, is a recent English invention.

Two new bayonets have been adopted for infantry troops in the German army, one carrying a wire cutter near its base, the other saw teeth on the back of the blade.

The largest clay pipe factory in the world is in Annamouth county, Va. The clay is there and the weather is just what is needed.

PRAIRIE FIRES NEAR WINNIPEG

FIRE FIGHTERS ARE DISPATCHED TO SCENE

Bodies of Fifty-Three Victims Found in Vicinity of Beaudette, Minn.

(Times Leased Wire.)

Winnipeg, Oct. 10.—Prairie fires started near Winnipeg this morning. The village of Lorretto, seven miles from Winnipeg, is in the path of a wall of fire. The inhabitants are fleeing toward Winnipeg. Fire fighters are being sent from here.

Village on Fire. Sprague, Ont., Oct. 10.—The village of Longworth began to burn this afternoon and 200 persons are fleeing from the flames.

Editor Stanning, of the Warroad Plaindealer, asserts that the property losses will reach \$10,000,000.

Refugees Go South. (Special to the Times.) Beaudette, Minn., Oct. 10.—Fifty-three are dead here and the bodies of two families, nine and five respectively, have been brought in from outside points. Roads are choked with fallen timbers and rescue parties are operating under great difficulties.

It is estimated that the dead in this section will number two hundred. Grave alarm is felt because so few of the settlers are coming in.

One thousand refugees have been taken south. A relief committee is fully organized. Two cars of provisions have arrived. Provisions, clothes and money are badly needed.

Roosevelt and Williams are reported in danger but War Road is still safe.

GRUESOME FIND BY HUNTERS YESTERDAY

Partly Decomposed Body of Robert Carlisle of Vancouver Discovered in Underbrush

The partly decomposed body of Robert Carlisle, Vancouver, was found in the vicinity of the 17 Mile Post yesterday morning about 8 o'clock by two hunters, William Buckett, of E. G. Prior & Co., and W. Neale, of the colonist. The dead man was discovered in the underbrush, lying on his back with arms outstretched. Beside him was a rifle, the butt of which was situated at his feet and the muzzle pointing towards the head.

It is the opinion of Mr. Buckett that the body had been lying there for some time as it has been reduced to almost the skeleton frame. Nearby on a tree was found a leather bag which contained a bank book, which showed that money to the amount of \$58.25 had been deposited in the New Westminster branch of the Bank of Montreal; \$46 in cash, a sweater, shoes and other effects.

In his clothes was a free miner's certificate issued in Vancouver on January 4 of this year, from which was obtained the name of the deceased. A silver watch was also found in his vest pocket and other minor effects were located on his person.

That the deceased took his own life is the belief of provincial police. The situation of the rifle and the fact that none of his effects were touched leads the police to accept this theory. The remains are to be brought to this city and an inquest held.

PERSONAL.

Mrs. Abraham E. Smith will be at home to-morrow, Tuesday, October 11th, and the second Tuesday of each month hereafter, at 1122 McClure street.

Dr. Gordon Hewitt, Dominion government entomologist, who is to give a public lecture to-morrow night on "The House Fly," has arrived in town and is staying at the Empress hotel. He will remain here until Wednesday, when he will visit Nanaimo and other island points before returning East.

Sailing nights of Grand Trunk Pacific Steamships for Vancouver and North are now Sundays and Thursdays at midnight.

SURRENDERS AFTER LONG STRUGGLE

ONE KILLED AND TWO WOUNDED IN FIGHT

John Deitz, Who Held Cabin Against Officers, Gives Himself Up

Winter, Wis., Oct. 10.—"If papa comes out will you promise not to shoot him? He is shot through the hand and wants to surrender."

These words, spoken to Sheriff Michael Madden at the edge of the clearing surrounding the besieged home by little Helen, youngest daughter of John F. Deitz, brought to an end Saturday afternoon the stubborn resistance of the man whose stand for the last four years against what he considers an injustice has attracted widespread interest. The surrender did not come without death and bloodshed. One man is dead, three men and a woman are wounded and much property has been destroyed.

The dead, Oscar Harp, aged 35, deputy sheriff.

The injured, John F. Deitz, age 49 years, defender of Cameron dam, shot through the hand; Chet Colpitt, 35 years of age, deputy sheriff, right ear shot off; two children of John Deitz, shot last week by deputy sheriffs. Harp was found on a hill behind the Deitz cabin with a bullet hole in his head. He, with Mont Wiley, Thomas Pomeroy and William Rankin, all deputies, had tried to crawl to a place of vantage in the lumber piles, near the Deitz cabin, when a bullet caught him.

According to Wiley, three bullets whizzed by him at about the same time, and one of them struck Harp. The other deputies retired.

Deitz was wounded while firing on the band during the afternoon, when a bullet went through a crack and passed through his left hand. Deitz denied that the wound caused him to surrender.

To Father Joseph Pilon, a priest who aided in bringing the long drawn out contest to a close, he whispered that a baby was about to be born to his wife, and he feared that both she and the infant might die.

The surrender of Deitz was dramatic. The alert lumbermen, leaning on their rifles at the edge of the clearing, and gazing intently at the windows of the log cabin, suddenly saw the flutter of a white handkerchief at the door. Then little Helen appeared, and advanced with the cloth over her head, where she announced that her father was willing to surrender.

John F. Deitz came into the limelight about four years ago when he defended the Cameron dam on the Thompson river against one of the largest lumber companies in the state. He declared that the dam was on his property and tied up several winters' cut of logs, valued at thousands of dollars, by refusing to allow them to pass through the dam without paying toll. He was fought in the courts by the lumber company, but defied the order of the judges and held out at the point of the gun all officers who attempted to serve papers on him. Deitz won. The lumber company paid him a large sum and he allowed the logs to go through.

The sheriff deputized men from all over the state to make the arrest of Deitz and several were shot in attempting to do so. In one engagement Deitz's son was shot in the head, but recovered.

The latest controversy between Deitz and the authorities of Sawyer county dates from September 6, when Deitz shot and seriously wounded Bert Horrell in Winter, Wis. In a wrangle, it is said, over rent due on a school house. Since the shooting Deitz has defied the sheriffs to serve a warrant on him. Last week deputy sheriffs found a daughter and a son of Deitz driving to town. They wounded and arrested both children, and their treatment of the girl aroused much indignation.

WASHINGTON LAND SALES.

Olympia, Wash., Oct. 10.—In the two years ending September 30, 1910, the total cash sale of the state land office aggregated \$3,932,640, as compared with \$2,742,953 for the previous two years, and considerably more than double the \$1,689,764 collected the two years ending September 30, 1908.

Of these collections, approximately \$1,500,000, was available for immediate use by the state and state departments, and the fact that it was on hand in cash for such use saved the taxpayers being called upon to raise that much money to meet the expenses of the state government.

RUSSIAN AVIATOR FALLS TO DEATH

Machine Turns Turtle at Height of 1,640 Feet and Aviator is Thrown Out

St. Petersburg, Oct. 10.—Captain Maclovich, the Russian military aviator, was killed in a fall from a Voisson biplane. The accident occurred during an altitude competition, which was won by Captain Maclovich, who reached a height of 3,933 feet. He had risen to that height when he decided to descend. When at a height of 1,640 feet his machine upset and he was thrown out. He came down like a plummet, reaching the ground before the biplane. Every bone in his body was broken except an arm.

It is the belief of the physicians that he died of heart failure before reaching the ground. Loss of control of a lever is supposed to have been responsible for the accident.

The fall of the aviator caused a panic among the spectators. Captain Maclovich's wife became delirious, and it is feared she will be permanently insane.

Capt. Maclovich was considered the most skillful and careful of Russian military aviators, and only last Wednesday took Premier Stolypin for a 10-minute flight.

REPORT ON EXPLOSION AT LOS ANGELES

Committee Appointed by Mayor Finds Times Building Was Wrecked by Explosive

Los Angeles, Cal., Oct. 10.—The committee appointed by Mayor Alexander to investigate the explosion of the Times building, reported that the disaster was caused by the explosion of nitro-glycerine or a product of nitro-glycerine, "placed in a highly effective position in an alleyway between sections of the Times plant."

The report was unanimous. It was signed by every member. As the investigation proceeded, the report said, it became more and more evident to the committee that an explosive had been employed. The investigators found the centre of the upheaval at a point 30 or 35 feet from Broadway in a covered passageway in the north wall of the building.

"We are of the opinion that the building was destroyed by a high explosive force," the report declared.

The search for the men who are believed to have dynamited the Los Angeles Times plant centered about Los Angeles Saturday. Attorney Rogers, who is in charge of the investigation for the Merchants' and Manufacturing Association, refused to talk.

William J. Burns, in charge of the detective work of the city, detailed several operatives to work on new clues which, in accordance with his recent orders, were withheld from the public. Burns and Rogers are working independently, the Los Angeles police department being at Burns' disposal. It is believed, however, that they are working generally upon the same clues.

Work amid the ruins of the Times building is being rushed. Seventeen bodies have been recovered and the Times management believes that at least six more lie in the debris.

The workers are handicapped by the weakened condition of the walls that are still standing. Several times during Friday night they were ordered from the pit while the walls were tested. It is not believed that the clearing of the ruins will be completed before late this week.

SUCCESSFUL FLIGHT.

Springfield, Ill., Oct. 10.—Aviator Archie Hoxsey left the fair grounds at noon Saturday on his flight to St. Louis, where his arrival will mark the beginning of a ten days' aviation meet.

Before leaving Springfield Hoxsey said he expected to land in St. Louis in the afternoon without a stop.

"If it is necessary to alight I will try to come down at Stanton, which is my old home," he said. Hoxsey followed the Chicago & Alton route. A special train with its roof painted white was sent out to assist him in following the course.

AT ST. LOUIS.

St. Louis, Mo., Oct. 10.—Flying 400 feet high in the air, Aviator Hoxsey arrived here at 2:52 Saturday afternoon. Hoxsey circled around like a lost carrier, unable to locate the aviation field owing to a haze that covered the earth at a height of a couple of hundred feet. Bombs were fired to attract his attention and he descended at the Country Club.

MUST PAY ALIMONY.

Seattle, Wash., Oct. 10.—That a man cannot escape the payment of alimony due his divorced wife because he has been declared a bankrupt in the Federal court, is the decision of Judge Mitchell Gilliam of Seattle. The precedent is established in the order handed down by Judge Gilliam directing Arthur P. Henderson to pay his wife \$100 accrued alimony by October 10 or go to jail for contempt. The mere fact that Henderson has filed a voluntary petition in bankruptcy does not relieve him from paying the alimony, the judge decides.

OCEAN TO OCEAN AIRSHIP FLIGHT

Prize of \$50,000 Offered—Trip Must Be Accomplished Within Thirty Days of Start

New York, Oct. 10.—William R. Hearst offers \$50,000 for a flight in a heavier than air machine from the Atlantic to the Pacific Coast. An announcement to appear in the New York American says:

"Mr. Hearst offers a special prize of \$50,000 to any aviator who within one year flies from the Atlantic seaboard at Boston or New York to the Pacific at Los Angeles or San Francisco, or reversing the direction from the Pacific to the Atlantic coast, starting and finishing at either of the cities named."

"The contestant may be American or foreigner, and may use any type or make of self-propelled aeroplane which is heavier than air, not a dirigible balloon. He may choose his own time, season and route, but including Chicago on the way; he may stop where, when and as often as he pleases, and make any necessary repairs and replacements of parts of his machine, but the flight must be accomplished within 30 days from the start."

TELLS OF PLOT TO KILL TAFT.

Millbury, Mass., Oct. 10.—An alleged scheme for the assassination of President Taft was unfolded to Miss Della C. Torrey, aunt of the president, by a stranger who called at her home here Saturday.

The man, who refused to give his name, declared he overheard the plotters while in Boston. As he departed, he threatened to return and kill Miss Torrey if the matter got into the newspapers.

The man went away from Millbury as suddenly and as mysteriously as he had come. Although Miss Torrey immediately reported the facts to the Millbury authorities and they in turn asked the assistance of the Worcester police, the matter has also been reported to the secret service authorities.

Sole Agents for Ladies' "Burberry" Coats

Campbell's

New Evening Coats Arrived Yesterday

Gowns That Charm

We've dipped into the heart of things in Paris, New York and London.

Our Mantle Department is simply saturated with ideas and we suggest to our patrons an early call for inspection and consultation. There is more

art in our models than last year. The general style tendency, however, does not follow any particular period. 'Tis a case of intelligent comparison, selection and individual adaption if you want to evolve a gown that charms.

PARENTAL RESPONSIBILITY.

At the Purty meeting on Saturday
great stress was laid upon the value
of the home influence and the need of
the better training of children. This is
a most important phase of the purty
work, and one which will commend it-
self to everyone. There is without
doubt a great deal too much laxity
among parents in dealing with their
children, both boys and girls. Some
parents allow their children to roam
at all hours of the night, without hav-
ing the faintest idea where they may
be. If they manage to grow up with-
out getting into difficulties or becom-
ing contaminated by the associations
which they make, it is in spite of their
parents, and not because of them. In
many cases the parents' influence is
entirely negative. The children are
more likely to take the course which
their parents oppose than to agree
with them. The result is that many
of the boys and girls in this city, as in
most other parts of Canada and the
United States, go to the bad. They
sow their wild oats, and some of them
never sow anything else. We do not
wish to be pessimistic on this matter.
We realize that Victoria is in this re-
spect probably as good a town as any
other in the country, but that means
nothing. Comparisons on a subject of
this kind are odious. To say that we
are not worse than some other place
is neither argument nor excuse. We
believe that an effort should be made
to impress upon parents the serious-
ness of the situation, the risks which
their children run, and the penalties
which the children, not the parents,
may have to pay. No person has a
right to be a parent who does not take
enough interest in the children to
know where they are all the time, and
to see to it that they are not running
the streets and attending places of
questionable repute.

ALCOHOLISM AND CRIME.

A meeting was held yesterday after-
noon in the New Grand theatre. The
audience was addressed by Dr. Ernest
Hall, and the initiative was taken to-
wards getting up a monster petition
asking that the sentence of death
passed upon Gunner Allen be changed
to imprisonment for life. The plea of
alcoholic insanity is the one being put
forward. While it was admitted by
the lecturer that Allen was not a safe
man to be at large, it was contended
that it was not right to hang a person
for a crime for which alcohol was re-
sponsible. A committee was formed to
take the matter up, and it is under-
stood will be busy at work during the
next few days.

There is no one in the community
but regrets the necessity of having to
resort to capital punishment. The ex-
perience of other countries, however,
has shown that there is danger in too
much leniency. Take France as an
example. In that country the death
penalty was abolished some years ago,

and the result became at once ap-
parent. Crime increased everywhere,
the lawless class of the community in
that republic having nothing to deter
them from carrying out their fiendish
purposes. They knew that if they were
caught and convicted they would be
only imprisoned, and that life in the
prisons was little worse than it was
outside. The Apache class in Paris in-
creased in boldness until it became un-
safe for a respectable citizen to go out
at night. While it may be perfectly
true that Gunner Allen was under the
influence of the liquor which he had
been drinking, if this is allowed to be
a palliative plea, life will not be safe.
What could be more simple than for a
man with a grudge against another to
first get drunk and then commit the
fiendish deed. This is a question which
should receive the very serious consid-
eration of the community before any
steps are taken which may be consid-
ered a precedent in matters of the
kind.

GREAT BRITAIN COMING INTO
HER OWN.

There was a time in the history of
the British Empire when the people of
Great Britain and Ireland looked upon
the colonies as something which had
been established solely for the purpose
of benefitting the motherland. The
merchants were expected to do all
their business with her, and any fat
offices were held by representatives of
one of the old families "at home."
When this attitude was disputed there
arose the Little England party, which
claimed that there was no benefit to
the motherland in having colonies;
they were only an expense and the
people at home were taxed for their
 upkeep. There was a time when the
disruption of the Empire was pro-
phesied, and many of the people of
Britain were ready to stand calmly by
and let it go to pieces.

During the last few years there has
been a great revival of Empire feeling.
The Little Englanders have gone out
of business, and we find a Liberal gov-
ernment supported by Labor men and
Socialists building warships at a
greater rate than their predecessors
and ready to maintain the Empire at
all costs. They are taking a more un-
selfish view of the matter than has
ever been taken before. It is just at
the time when they have adopted this
unselfish attitude that they are getting
their return. During the past summer
season millions of dollars have been
spent in the Old Country by Canadians,
Americans and Australians. They have
prospered in the new country, and now
they annually flock in thousands to see
the home of their fathers, the central
pivot point of the Empire. The
shopkeepers, hotel men and thousands
of others are making fortunes on the
trade of these people. They spend
money freely, for usually they have
plenty. In this way Great Britain is
at last getting her reward for the
policy of expansion which she has
adopted.

FLIES, SICKNESS AND DEATH.

One of the deadliest enemies of the
human race is the house fly. This is
becoming recognized by practically
everyone, but hitherto we have been
helpless in the matter. Flies have in-
vaded our homes and walked over our
bread and butter with impunity,
carrying in their wake death-dealing
germs which have been responsible for
much of the sickness which attacks
old and young, but especially the
young. It has been possible for some
people to shut up their houses that
the flies could not gain admission,
but the majority of people are unable
to do this, and nothing but a general
crusade against breeding places can
be effective.

Dr. Hewitt, the Dominion entomolo-
gist who has succeeded the late Dr.
Fletcher, has been studying the fly for
the past five years. He has made a
most exhaustive investigation, and the
results have been most startling. When
he commenced his work he sought out
what literature there might be al-
ready written on the subject, and
found that there was practically noth-
ing. Then he set to work on what
was practically new ground. It is of
these investigations, and particularly
of the in relation to health, that Dr.
Hewitt will deal in his lecture to-mor-
row night. The lecture will be free
to all, it having been arranged by the
Natural History Society for general
educative purposes. Dr. Hewitt will
deal with his subject from popular
point of view, avoiding technicalities
as much as possible. He will illustrate
his lecture with a number of lantern
slides taken from actual photographs
which are bound to be convincing. For
this reason it is highly desirable that
as many people as possible should at-
tend. It is also understood that the
lecturer will tell of a number of remedies
which have been proved most effective,
and this phase of the lecture should
prove most interesting.

Dr. Hewitt has recently written a
book describing his investigations in
detail, and this publication is attract-
ing a great deal of attention. The ques-
tion is a live one in Victoria, it being
something which has a direct bearing
on the health of the whole community,

but especially on the children, who
are most liable to attacks of disease
which are carried by flies.

The same complaint is made by ex-
hibition managers all through Canada.
The people do not turn out as they
should. That is of course as the man-
agers think they should.

The enterprise of the Dominion gov-
ernment in equipping the British Col-
umbia coast with wireless telegraph
will perhaps be better appreciated
when it is known that the great port
of Hongkong is without a wireless
station. The Chamber of Commerce of
that place is strongly urging the es-
tablishment of a wireless system.

It is understood that the Victoria
members of the provincial legislature
treat with levity any suggestions that
they should resign their seats in con-
sequence of their failure to carry out
their pledges. It is a simple thing to
dismiss the subject with a laugh, but
in future the public will know how to
estimate pledges made by these men,
or by the members of the party that
supports them in the position they take.

King Manuel and the Queen Mother,
late of Portugal, will find an asylum in
Great Britain. Here we have another
illustration of the fact that the old
Mother Land is a place of refuge for
the unfortunate of all classes and con-
ditions. Eugene of France carried her
misfortunes and her sorrows to Eng-
land, and the hospitality and sym-
pathy she received there gave offence
to no one. Even the American mil-
lionaire is not barred from enjoyment
of the freedom which rules wherever
the blood-red banner waves.

Sir Charles Hibbert Tupper of Van-
couver is not, and apparently cannot
be, reconciled to the dominant party in
British Columbia politics. Inter-
viewed in Ottawa recently, Sir Hib-
bert said his attitude in British Col-
umbia politics accorded with that of
many life-long Conservatives and "was
in the best interests of the party. He
still saw grave danger in Hon. Richard
McBride's railway policy, and foresaw
developments." In justice to the pre-
mier, it must be admitted that "de-
velopments" have been slow in de-
veloping in respect of the island part
of the scheme.

T. P. O'Connor is at present in Can-
ada raising money for the purpose of
continuing the campaign for an ex-
tension of the local government
scheme in Ireland. The surprising part
of the matter is that he comes to
Canada to-day as an Imperialist. He
comes, too, telling the people that Ire-
land is contented and happy and that
the Irish are a free people. The
change in tone is so great that it takes
one's breath away. What the Irish, ac-
cording to O'Connor, want, is such a
measure of self-government as the pro-
vinces of Canada at present have. The
acts of the local legislatures of Eng-
land, Scotland, Wales and Ireland
would be subject to the veto of the
Imperial Parliament, which would be
an assembly of representatives from
every part of the Empire, and would
deal largely with international affairs.
The plan is an attractive one, although
it is not new. The novelty comes in
its advocacy by a leader of the Irish
party. T. P. O'Connor has for years
been looked upon as the brains of the
Irish party, and his present utter-
ances seem to indicate that he has
grasped the true modern Imperialistic
idea.

They are going ahead, these cousins
of ours under the Southern Cross. In
Canada we consider ourselves a pro-
gressive people. But in our progress
there is an element of conservatism
which holds us in check. The Aus-
tralians drive with a loose rein. They
are trying experiments which if any-
one were to suggest in this part of the
world the "boldest would hold his
breath" for a time. The Ottawa Free

Press says: "Some of the believers in
the sanctity of the constitution" will
be shocked by the announcement from
Australia, that as a result of the su-
premaccy of the labor element in the
Parliament of the Commonwealth it is
seriously proposed to abolish the mace
and to compel the Sergeant-at-Arms to
dispense with his sword. Already the
President of the Senate and the Speak-
er of the House of Representatives, the
former a dock laborer and the latter a
watchmaker, have discarded wigs,
gowns and all the other ornamental or
symbolical accessories of their offices,
and guide the deliberations of their
respective chambers in their ordinary
workaday clothes. That, however, is
not so very drastic. It is but follow-
ing the examples of Nova Scotia and
Prince Edward Island, where the sole
sign of ornamentation of the Speaker
is a silk hat, which is worn wherever
he occupies the chair. But it would
be quite another thing to abolish the
mace. How would the onlookers know
whether the House was in session or
whether it had been transformed into a
committee of the whole? And as to
the sword of the Sergeant-at-Arms,
how could the constitution survive its
disappearance? The next thing these
iconoclasts will want to do will be to
abolish the Gentleman Usher of the
Black Rod. Then, indeed, would the
constitution be shattered."

A German Jeweller has designed a ring
for divorced persons, a plain gold ring
with a stripe or silver or platinum in-
laid to indicate that the wearer's marriage
has been parted.

What Other People Think

A PROTEST.

To the Editor:—As one of those Con-
servatives who have grown tired of the
diatribe fashion in which Premier Mc-
Bride proceeds to redeem his pre-election
pledges regarding railway construction on
Vancouver Island, I object to being casti-
gated by the "Big Stick" in the hands of
that noble statesman and patriot, William
E. Blakemore, editor of The Week. I
refer to this paragraph, which I find in
Saturday's edition of The Week:

"Further comment is unnecessary, ex-
cept to point out that the few weak-
kneed Conservatives who allowed them-
selves to be stamped into a condition of
fretfulness and futile irritation by their
political opponents would find their milieu
rather in a kindergarten than an institu-
tion of grown-ups where back-bone has
been developed."

When the respectable Conservatives of
Victoria are in need of any advice as to
their duty to the party, they will look for
it elsewhere than at the hands of Mr.
Blakemore.

CONSERVATIVE.

Victoria, B. C., Oct. 10th, 1910.

GUNNER ALLEN'S CASE.

To the Editor:—Will you please allow
me to offer a plea for the unfortunate
man, Gunner Allen? Why add further
to his misfortune? For he will have
to answer to his Maker for the deed
committed? To hang the man will serve
no good purpose. It will have an opposite
effect now that Canada is trying to
establish an army and navy. The gov-
ernment or system surrounded and piled the
man with drink till his brain was crippled
and his mind poisoned. He says
himself he remembers very little of what
occurred on that fatal morning. Ask
some of the reformed drunkards if they
have done when drunk, that they
would just as soon think of cutting their
finger off as committing when sober. Ask
some of the reformed drunkards if they
mind was not at some time poisoned
against everything that was good when
drunk.

I don't think the relatives of the dead
offer are clamoring for vengeance. They
rather look on the affair as a very sad
and most unfortunate occurrence. The
man's future state of mind must be a ter-
rible punishment to him.

HERBERT PHIPPS.

Prior Street, 7th October.

SCETICS.

When your old dad was as little as you
were he likely to do it.
What they wanted him to
Why, certainly so! And as quick as a
wink
He did as they bid him before you could
think.
Hey! Hey?
What do you say?
What makes you keep winking and grin-
ning like that way?
Your uncle's been "telling you sumthin'?"
Dear, dear!
You mustn't believe all the stories you
hear.

When dad and his playmates were nice
little boys
The first of their joys
Was giving their toys
To poor little children who needed them
more.

Your dad was so good he gave all of his
toys
Hey! Hey?
What do you say?
Your mother has some of 'em now, put
away!

Such news was unknown in my day!
I'll be bound
You lumps have been snooping and prying
around.

When daddy was young he was deaf,
dumb, and blind;
To pranks unfetters:
He'd a serious mind.
He paid no attention to girls and their
looks.

But gave all his time to his tasks and his
books.
Hey! Hey?
What do you say?
Yes, mother was raised in the very same
way.

You found an old letter and read it—
"My Son!"
We used to spank children for mischief
like that.
—Burgess Johnson in Harper's Magazine
for October.

PRESS OPINIONS

Peace River Country.

Western Canada does not consist of
a strip of land along the C. P. R. from
Lake Superior to the Pacific Coast.
We have valuable agricultural lands
extending northward to what is known
as the Peace River Country. There is
an experimental farm at Fort Ver-
million, which is in about 58 degrees of
north latitude, or over 600 miles north
of the International boundary. Wheat,
oats and barley have proved highly
productive at this farm, wheat yield-
ing 25 bushels to the acre. All kinds of
vegetables, including tomatoes, veget-
able marrow and cucumbers, thrive
luxuriantly. As Vermilion is consid-
erably north of that part of the Peace
River country lying within British Col-
umbia, the latter may be expected to
prove even more valuable. Of Grande
Prairie, which is a little to the east of
British Columbia, although a similar
area, point of fact extends within
the borders of that province, one of
those who made the trip says: "The
country cannot be surpassed as a
farming country. It would be difficult
to find a quarter section that would
not make a desirable homestead." He
also says: "The country lying south
of the Peace River and containing the
Grande Prairie districts contains about
4,000,000 acres of good agricultural land.
It is roughly estimated that 20,000,000
acres of agricultural land lies tributary
to the Peace River."—Winnipeg Com-
mercial.

Machine Politics.

We are living in a time when the pro-
test against a Republican machine
running a Republican party is so violent
that dislocations and dismember-
ments are in plain evidence every-
where. The people are tired of ma-
chines which are built to help individ-
uals and almost invariably to harm the
public. But it has remained for Ore-
gon, a great and progressive state
otherwise, to stand forth unique in the
circumstance that its dominant Repub-
lican party to a very great degree has
been under the control of an utterly
selfish Democratic machine which has
built itself into power and consequence

Special Showing of Exclusive Dress Patterns

We have six distinct lines, no two alike, in the new Tweeds, Heather Mixture.

8 yards, per pattern \$10.00

Ladies' Home Journal Patterns

The progressive spirit of this store is again made manifest in the adoption of the Ladies' Home Journal Patterns. These patterns are as superior to all others as electric light is to candle light. They are perfect fitting—each size being drafted—are economical of material and yet the patented Guide Chart which goes with each pattern so simplifies the cutting and fitting that the home dressmaker can retain the style of the design as has never before been possible with any paper pattern.

Price of Patterns, 10c and 15c. The Monthly Style Book Free.

David Spencer, Limited

by the use of Republican votes.—Port-
land Telegram.

What About B. C.?

"Is Canada overboomed?" asks the
Canadian Courier editorially. To this
query the west can answer, "certainly
not." The Peace River country is only
known to a few half breeds and a mere
handful of enthusiastic whites, when
it has room and ample room for a mil-
lion people. The province of Alberta
has an area of 50 million square acres
of arable land, of which only one mil-
lion acres are cultivated!—Calgary
Herald.

Reproach to Ontario.

It was once a common boast that
Ontario had the best educational sys-
tem in the world. But the system has
not progressed with the times or with
the needs of the province. We have
had to look to the Federal govern-
ment to supply the deficiencies of the
provincial administration. The tech-
nical education commission is really a
reproach to Ontario. —London Adver-
tiser.

Self-Government.

Mr. T. P. O'Connor is very welcome
to Canada. A brilliant journalist, a
forceful speaker, and a man of feeling,
his services to the cause of Irish self-
government cannot be overestimated.
The people of the United Kingdom
are steadily gravitating toward Fed-
eralism, and are beginning to understand
that not only Ireland, but England,
Scotland, and little Wales would be
the better governed were their purely
local affairs put into the hands of na-
tional legislatures, leaving the things
concerning the Empire to be dealt with
by the Imperial parliament. The set-
tlement of the land question has great-
ly lessened the heat of Irish politics.
There are now hundreds of thousands
of freeholders in the Green Isle which
less than a century ago were largely
owned by a few hundred absentee land-
lords. Even Ulster, let us hope, will
soon admit that the Ireland of to-day
is as able to govern herself as any
other part of the Empire, and that the
Irishman cannot be refused what the
Boer has been granted.—Toronto Globe.

HUNDREDS REPORTED
TO HAVE PERISHED

(Continued from page 1.)

cial train. The train was pitifully in-
adequate to carry all who sought to
escape, and scores of men fought to
board the cars. Women and children
had been sent out earlier in the day.
Those who failed to board the train
ran along after it until they were
overtaken by the flames and cremated.

Fires Spreading.

Warroad, Minn., Oct. 10.—The de-
struction of Graceland, Swift County
and Cedar Spur by a great forest fire
that is rushing upon Warroad from
the southwest to-day is predicted to
bring the total of dead in the fire zone
up to 750. Couriers report that scores
of lumbermen were caught by the

flames and killed, and that the bodies
of many never may be recovered.

The fire zone is 80 miles long, ex-
tending from Gravel Pit spur to Strat-
ton, Ont., and 30 miles wide between
Red Lake, Minn., and Lake of the
Woods. It is reported that the fire is
spreading in all directions.

Lumbermen estimate that an average
loss of 5,000 square feet of lumber
to the square mile over a territory ap-
proximately measuring 3,000 square
miles has been caused.

The state of Minnesota is mustering
its fire fighters and rushing them to
the scene on special trains as rapidly
as food and supplies can be furnished.

At Rainy River the fire burned
from the International Bridge to Sixth
street, within one mile of the centre
of the town, and it is feared that
Rainy River is doomed.

Nine families, each having from
three to eight members, perished near
Rainy River. The bodies were found
along the railroad tracks.

Railroad officials state that the pro-
gress of the train loaded with refugees
is slow owing to heat-twisted rails.
Nine women, three of them carrying
babies, rode into Warroad on horseback
from the settlement. All were badly
scorched, and it is feared they will die.

—Victoria Hive No. 1. Ladies of the
Macabees will meet to-morrow evening
at A. O. U. W. hall. Officers and
members will be on hand at 8 sharp
for degree work.

A meeting of the residents of Es-
quimalt district will be held at the
Lampson street school on Wednesday
at p. m., to consider the report of the
committee on the sewerage question.

This afternoon the civic committee,
consisting of his worship the mayor
and Ald. Sargison and Bishop, formed
to draft a programme for the reception
to H. M. C. S. Rainbow when she ar-
rives here on November 7th, are con-
sidering details of the scheme. It is
proposed to give a dinner and enter-
tainment, probably at the drill hall if
arrangements can be made, to the of-
ficers and men of the first Canadian
warship to reach Esquimalt. Members
of the army, navy and militia forces
will be invited. The Rainbow is now
on her way from Coquimbo to Callao.
She will call at the Peruvian port and
will call again at Acapulco, where she
will take coal for the run to Esquimalt.

Owing to the death of Dr. Kendall,
who was one of the prominent mem-
bers of his church in Vancouver, the
Rev. Dr. H. F. Perry was summoned
west by telegram and left by the mid-
night boat. In consequence Dr. Perry
will be unable to lecture in First Baptist
church this evening as announced.
Rev. T. E. Holling, of the Metropolitan
church, on exceedingly short notice,
has kindly consented to take his place
and will deliver his celebrated lecture
entitled "The Romance of Literature."
Rev. Dr. Spencer, B. C. local option su-
perintendent, and Dr. Ernest Hall will
also occupy seats on the platform and
will each address the gathering. J. G.
Brown, the popular baritone, will sing
a solo. The public are cordially in-

vited. There will be no admission
charged, but during the evening an of-
fering will be received.

MONSTERS OF PAST AGES.

Dinosaur 84 Feet Long—Are Any of
Them Alive?

The best known of recent discoveries
among the dinosaurs, the "terrible Ha-
rds," is of course the huge diplodocus
carnegiei, 84 feet long. Our sense of
proportion as regards huge animals
does not supply us with sufficient im-
agination really to picture such a
beast.

The biggest elephant in our zoological
gardens is nine feet high, and she looks
enormous, but the diplodocus could lift
his head fourteen feet high and had 23
yards of neck, body and tail to take
about with him.

A railway train is perhaps as near
such a body in motion as we can im-
agine, and possibly some of the noises
made by a railway engine would not
be unlike the sounds made by a dinos-
aure breathing or calling to its mate.
Science, unfortunately, can never re-
produce for us the sounds, even if it can
reproduce the sights of prehistoric
ages.

Does there exist, possibly, in some
pathless, central swamp or jungle in
unexplored South America, or Africa
some monster surviving from these dim
ages of the apyornis and the dinos-
aure?

It was not ten years ago, it may be
remembered, that Hesketh Pritchard
set out on

It Is Cough Time Now!

And it is very unwise to let a cough run on, because frequent coughing increases irritation in the bronchial passages. Wise people cure their coughs with

BOWES' BRONCHIAL BALSAM

It relieves them and will relieve you. We do not affirm it will cure a cough in one night, but a few days' use will certainly cure a long-standing bronchial cough or cold. Unrivalled in all throat and lung troubles, asthma, etc.

—S. P. C. A. cases of cruelty, phone Inspector Russell, No. 1921.

—A meeting of the Ladies' Guild of the Seamen's Institute will be held tomorrow afternoon at 2:30 o'clock in the Alexandra club rooms. All members are asked to attend.

—The first regular meeting of the Women's Auxiliary Society, Provincial Royal Jubilee Hospital, for the working year will take place tomorrow at 2:30 p.m. at the board of trade rooms. As several important matters are under consideration a full attendance of officers and executive is requested.

—This evening under the auspices of the Young People's Society of the Centennial Methodist church, Edward Parsons, organist of the Metropolitan church, will give a lecture on Handel, one of the world's greatest composers. In the schoolroom of the Centennial Methodist church, Gorge road. The lecture will be illustrated with musical selections from some of the leading vocalists of this city. A hearty welcome is extended to all.

—Miss Elleen Cusack of this city, who went to Erie to report some time ago to accept a stenographer's post, is at present confined to hospital as the result of an accident which is likely to result in an action against the city. Miss Cusack fell from a high plank roadway, the accident being allegedly entirely due to the absence of light, dislocating her ankle and sustaining other minor injuries and bruises. Her injuries are so serious as to confine her to her room for a fortnight or three weeks.

—The contract for the new addition to the Vancouver hotel has been awarded to J. L. Skene of this city, the contract having been signed by W. S. Painter, C. P. R. architect. The cost of the work, which will consist of one wing containing on the ground floor a dining room 40 x 100 feet and 23 feet in height, with five floors of bedrooms above, will be in the neighborhood of \$200,000. This is the commencement of a larger scheme of improvement to the hotel, which will take about three years to complete and involve an outlay of about \$1,500,000. Work under the contract will be commenced at once.

—A lecture of more than ordinary interest will be delivered to-morrow evening next by the eminent entomologist, Dr. C. Gordon Hewitt, of Ottawa, upon the "Relation of Insects to Men," in which he will deal principally with the relation of insect life to health and to the conservation of forests. Most of what Dr. Hewitt will have to tell is the result of original work which he has been carrying on for several years, and the evidence shown by means of lantern slides will not be the least important part of his lecture. The lecture will be given under the auspices of the Natural History Society in the Broad street hall, and will be free to the public.

BOARD OF TRADE

Important Matters to Be Considered at Quarterly Meeting on Friday.

At a meeting of the council of the Board of Trade to be held to-morrow morning, consideration will be given to the important business which is slated for consideration at the quarterly meeting on Friday.

The matter of the proposed floating dock for Esquimalt will be brought up and it is likely that the board will pass a resolution in favor of the Dominion government giving a subsidy towards such a scheme.

The question of the desirability, or otherwise, of the establishment of a British trade commissioner in British Columbia will also be considered. The object of the appointment of such a commissioner is to foster trade between this province and the Motherland, and it is felt were a man appointed to represent the government, who would devote his time exclusively to the objects sought, that better trade relations would be built up, and the stability of local investments would be placed before the British public in a more favorable light than at present.

The question of expediting the carriage of mails to and from Coast points will be considered.

Members who have any further matters to bring before the quarterly meeting are asked to communicate with the secretary as speedily as possible.

"THE BATTLE"

Wilton Lackaye and Company Play to Small Audience at Victoria Theatre.

In "The Battle," which was presented by Wilton Lackaye and a good supporting company to a slim audience at the Victoria on Saturday night, Cleveland Moffet has demonstrated that he is a better magazine writer than playwright. "The Battle" is supposed to represent a struggle between the inherited tendencies of a millionaire—namely, wealth and power and his sympathy and warm concern for the working classes among whom he has lived in ignorance of his parentage for over twenty years. The old problem of capital and labor—"love and millions" is the program, calls it Moffet. Mr. Moffet a clever but illogical student. If he set out to prove or disprove anything he does not succeed; if he had no moral to offer he was not justified in writing the play, which is technically weak, unconvincing throughout, and inconclusively melodramatic in its most interesting passages. Mr. Lackaye is not a great actor, but has a pleasing stage manner, fair diction and an exactitude of acting which reveals long experience. His company was generally good.

—Court Cariboo 745, Independent Order of Foresters, will hold a social this evening in the court room, K. of P. hall, at 8, to which all Foresters and their friends are cordially invited.

—Ladies' heavy knitted underwear, in natural or white, vests with high neck, long sleeves and button fronts. Drawers open or closed. Worth 35c each. Special value; per garment. Robinson's Cash Store, 642 Yates St.

—All young people are invited to the B. Y. P. U. of the Emmanuel Baptist church, Spring Ridge, this evening at 8 o'clock, when an address will be given by Rev. W. Stevenson on "The Amusements of the People."

—If you would climb to the top of the ladder, get one of our good, strong step ladders, and you will be perfectly safe, for these ladders are well made, and can't collapse. Made with bracket for palm; 6ft. \$1.85. R. A. Brown & Co., 1302 Douglas Street.

—The nineteenth drawing for an appropriation in the Victoria No. 2 Building Society will be held at the office of the secretary, A. St. G. Flint, Trounce avenue, on Wednesday evening next.

—Real down comforters, warm with without weight, genuine English down comforters, in full double bed sizes, at \$25, \$27.50, \$35.50 and \$45.50. Robinson's Cash Store, 642 Yates Street.

—Ald. A. G. Sargison has purchased from C. E. Pooley the valuable property on Yates street next the Dominion hotel, which formerly constituted the palace of the Roman Catholic archbishop, the price being in the neighborhood of \$70,000.

—On Thanksgiving night, Monday, October 21st, the J. R. A. will hold the opening ball of the season, which will be given in honor of the visiting Vancouver Argonauts, who play the J. R. A. A. on that date. The Rugby Club has charge of the arrangements and invitations will be issued this week. Following is the committee: Al. V. Jeffs, John P. Sweeney, Wm. N. Kennedy, Adair Carr, Leo Sweeney, S. J. Winsby and V. K. Gray.

PURITY WORKERS

ADDRESS MEETING

Interesting Proceedings at Brief Session Held Saturday Afternoon

Owing to the fact that the afternoon boat from Vancouver was 50 minutes late in arriving on Saturday, only a very short time was allowed to the speakers of the Purity Conference. This was greatly regretted by the large audience which, despite the disagreeable weather, had filled the auditorium of the Metropolitan church.

The Purity Federation League have been touring the United States from east to west, and are a gay, merry party, filled with enthusiasm for the cause they represent, but able to enjoy any little bit of amusement which comes their way en passant. Among them are a number of ladies whose names stand high in literary circles. Dr. Drake, an elderly lady of pleasing presence, is well known throughout America as the authoress of books for mothers, spoke in a way which touched all hearts. Her topic was "Home and the Influence of Mothers." No city or community or country could ever rise higher than the level its women set for it. If the women were pure and true and good, and home makers in the truest, widest sense of the word, the country in which they dwell would be worthy of them. No one could estimate the far-reaching influence of a good woman in her right place, the home. No matter how old a woman might be her influence could and would be potent for good or evil.

Mrs. Luther, New York, editor of a well known magazine for mothers, spoke of the evils of ignorance. There was no education so important as that which made good fathers and mothers. Fancy accomplishments were all right in their place, but they must not be put first in a girl's education. It was a matter of very great regret to many ladies present that an opportunity was not given them to get in personal touch with these two bright, earnest women.

Dr. Steadwell, Larrosse, Ind., the chairman of the league, was firm in keeping each speaker sharply within the time limit, and although the audience knew it was necessary, they found it annoying, for a speaker scarcely got into his subject before time was called.

Rev. J. Frank Chase, Boston, compared the work done by the Puritan fathers of his home city, with that now being accomplished by other means by the reformers of this time, with whom he classed Roosevelt. He added that in addressing an Anglo-Saxon audience he knew that 90 per cent. of his hearers were law-abiding citizens, and lovers of fair play. He urged his hearers to put away from them all forms of sin which is a reproach to a nation.

Arthur Burridge Fowler, Chicago, emphasized the thought that it was easier to prevent evil than cure it, and the longer an evil of any sort was allowed to exist the more difficult it was to suppress.

One of the most interesting speakers was Dr. Hammond, Iowa, who painted a graphic picture of the desperate state of affairs in Iowa two years ago, and then told briefly how by means of an "Injunction Bill" introduced by himself all disorderly houses were closed and padlocked for a year, and their furnishings sold to pay expenses of the officer of the law who enforced the stringent measure. The speaker, who goes by the name, "Injunction Hammond," strongly advocated this method of procedure as a means of bringing property owners to time and "cleaning up a state."

Dr. Steadwell, the chairman, paid a high compliment to Dr. Ernest Hall for his work along social reform lines, and requested the privilege of shaking hands with him, saying that they had heard of him in far-off Chicago. Mayor Morley presented to the speakers the thanks of the meeting, expressing regret that their stay had been so brief. Mrs. Spofford also spoke a few words of appreciation.

Rev. G. Shearer presented a series of resolutions which were moved by R. J. Brace and seconded by Rev. T. W. Gladstone, and passed enthusiastically by the meeting.

The visitors were then given a cup

ATTRACTS HEATER BUYERS

Our Announcement of Cole Manufacturing Co.'s Letter Says What People Want to Hear.

Yesterday we had a big announcement in this paper calling attention to a letter we had received from the President of the Cole Manufacturing Co., Chicago, authorizing us to make a most remarkable guarantee on the Original Cole's Hot Blast Stove to all our customers.

The announcement was all the more startling because this guarantee, which is probably the strongest ever written or made on a stove, comes with a heater that can be bought from \$12.00 up to \$30.00.

We will certainly do a wonderful business on this Original Cole's Hot Blast Stove this year. It is a patented specialty for which we have the exclusive selling agency so that people will have to see us to get the Original Cole's Hot Blast Stove. The guarantee, the one that is guaranteed to reduce the fuel bill a third over any lower draft stove of the same size; guaranteed to hold fire from Saturday night until Monday morning; guaranteed to have a smoke proof feed door; guaranteed to remain air tight as long as used; guaranteed to give a uniform heat day and night with soft coal, cheap slack, hard coal or lignite; guaranteed to use less hard coal for heating a given space than any base burner with the same size fire pot, and guaranteed to heat the rooms from one to three hours in the morning with the fuel put in the day before (which does away with kindling or rebuilding the fire each morning).

If you need a heater this year, buy early so as to get the full season of comfort. Anyhow, it will interest you to examine this interesting stove, sold only by us.

Signed,

A. & W. WILSON,

Oak Bay	1	0	1	3
Esquimalt	0	1	2	2
Victoria West	0	1	2	2
Garrison	0	2	1	1
Regiment	0	2	0	0

The features of Saturday's soccer in the race for the city championship were the victories of James Bay by a wide margin of 8 to 0 over the Foresters' team at Oak Bay, and the draw between Victoria West and the Garrison at Work Point.

As a result of the day's matches

James Bay is now leading the league teams with one point ahead of the Victoria West, the latter's draw at the barracks losing them the extra point which would have brought them again equal with the Bays. The Bays next serious encounter is with North Ward, a week from next Saturday, and the following Saturday the team will meet Victoria West in what will be a battle royal. Victoria West has no game until the meeting with the Bays, November 5 that it should lose, and if the Bays defeat the Wards, the match the following week will end the first round and decide which of the two teams now first and second will lead.

Despite the weather on Saturday the whole eight matches in the two leagues were played, that affording the most interest to the spectators on account of its closeness being between Victoria West and the Garrison where two goals each were scored.

The play up to half time was in favor of the Victoria West men who through the agency of Wright from the forward contingent, scored the first goal for his side and the first of the match. The Wests had been attacking all the time, but the solid defence of the soldiers was strong enough to prevent but one being scored.

With the change over it was immediately evident that the soldiers had not done as well in the first half as they were able, for they took charge of the play and made a determined rush on the Victoria West goal. The soldiers were heavier and stood the mud better, playing on their own field, they had a slight advantage also, and having turned out their team in good condition stood every chance of winning. The soldiers equalized the score through luck, the ball having been shot at Beane and cleared from him in goal. Whyte, the Wests full back and captain, kicked hard to drive the ball out of danger, when it bounced against the body of a Garrison player and rebounded into the goal net.

The Garrison obtained their second goal by expert play on the part of their forwards, and particularly through Galk, who can be considered the safest centre forward in Victoria. The centre forward touched the ball into the net, beating Beane for the point, and with a goal to the bad Victoria West had all the hustling to do to pull level in the short time available. Rush after

rush was made against the Garrison backs, and the Westerners hit the bar several times, and, finally Houston made matters even and dragged a defeat from the fire for his club just on the call of time. A Lockley refereed.

At Oak Bay the Bays winning from the Foresters won the first place in the league also. The game was an exhibition of soccer football was not very enervating for the few who braved the weather and went to the seaside ground. The Bays made a long string of attacks on the Foresters' goal, and long before half time it was evident that the Bays had their third win in hand.

The Foresters went on the field with a poor team, several of their regular men being absent. North Ward in defeating Esquimalt clung hard to its third position in the league list. With two wins the blue and white men are only a point behind Victoria West, while the Garrison and Empress are equal with a win, a loss and a draw each, and only one point behind the third position team.

The Empress went out to the university ground and ate up the Cedar Hill aspirations for a victory to the tune of 8 to 1. The match was the first win for the hotel men, and the team has regained considerable confidence, and the players hope to have more of the double point days before the season is over.

In the second division there was one drawn game again, Oak Bay and Esquimalt getting a goal each. North Ward retained its position as leader of the league, by defeating Victoria West 5 to 0.

In the match between the Garrison and Baraca, a trouble with the referee occurred. Twenty minutes before time he left the field and his place was taken by one of the linesmen, who after a short while decided he would follow the example set by the former official. The reason is that the players and spectators "guyed" the officials on their decisions, and the officials becoming sensitive and wet went home for dry clothes and comfort. The matter will be ventilated at the next league meeting.

KEMPTON PARK RACES.

Kempton Park, Eng., Oct. 10.—The Duke of York stakes, handicap of sixteen hundred sovereigns, mile and a quarter, was won by Wolfe Land, 6 to 1; Buckwheat, 100 to 15; second, and Whilonyx, 3 to 1; third, Also ran Southman, The Story, Hazden, Faithful Don and Duke Michael.

The ways of auctioneers in different parts of the world vary greatly. In Britain the seller bears the expense of the sale, but in France the purchaser bears the cost, this per cent being added to his purchase. In Holland the buyer is required to pay ten per cent additional.

Hundreds of foreign waiters in London work without salary, relying only on the tips they receive from generous patrons. Some of these men even pay for the privilege, and find it profitable to do so.

ROYALS BEATEN BY ALL-STARS

FINAL LACROSSE GAME PLAYED AT WESTMINSTER

Nine Vancouver and Three National Team Players Scored 5 Against 3 by Champions

New Westminster, Oct. 10.—The last act was played, the principals bade their adieu, and the curtain was rung down on first-class lacrosse in Canada Saturday afternoon when the game between New Westminster and a combined team of the Nationals and Vancouver clubs was staged, the dehouement providing a victory for the latter by 5 goals to 3. In the all-star aggregation there were nine Vancouverites and three Nationals, and from beginning to end they held the game safe, the Saltmonethies being at no time in the lead.

As one might expect, scientific play was at a discount owing to the sudden state of the ground, rain-falling incessantly throughout the progress of the battle. The players had some difficulty in retaining their footholds on the slippery turf and the homesters appeared to be the worst sufferers in this respect. Maybe, that the order which rang out from Cop Jones, before the commencement of hostilities, stipulating to his braves to put on new foot-wear, had something to do with the manner in which some of the victorious twelve were able to hold their equilibrium. Anyhow, the fact is indisputable that, taking the game as a whole, the best team won, excelling in all departments. With the three mentioned above, the Vancouver team placed on the field a twelve of the world, and had the day been fine and the ground in good condition it is safe to say that a much bigger score than that recorded would have been the result. As it was, the playing area in certain parts consisted of quagmires, especially near the goal mouths of the two citadels.

The adverse climatic conditions prevailing in no wise placed a damper on the spectators' spirits who watched the hour's encounter with unbounded enthusiasm. About 2,500 braved the elements, the grandstand providing fair accommodation, while all around the railings were people with umbrellas opened.

Teams.

New Westminster—Gray, Galbraith, T. Gifford, J. Gifford, B. Marshall, G. Rennie, C. Spring, W. Turnbull, White-mute, Feehey, Len Turnbull and G. Spring.

All Stars—Bun Clark, Griffiths, Howard, Cattarlinch, Pickering, Gifford, West, Hennessey, Gauthier, Adamson, Lavolette and Allen.

Officials.

Referee, Stanley Peeles; judge of play, Fred White, both of Victoria; timekeepers, B. F. Armstrong and A. J. Johnston; penalty timers, Wm. La-brecque and H. J. Major; goal umpires, Ed. Savage and L'Horeux.

Goal Summary.

First Quarter—
1—All Stars, Lavolette, 27 secs.
2—All Stars, Adamson, 3 mins. 25s.
3—New Westminster, Rennie, 5 mins. 10 secs.
4—All Stars, Adamson, 4 mins. 30s.
5—All Stars, Lavolette, 1 min. 35s.
Second Quarter—No score.
Third Quarter—
6—New Westminster, W. Turnbull, 7 mins. 11 secs.
7—New Westminster, Cliff Spring, 2 min. 2 secs.
8—All Stars, Lavolette, 13 mins. 35 secs.

Penalties.

W. Turnbull, New Westminster, and Adamson, All Stars, 5 minutes each.

SOCCER GAMES IN OLD COUNTRY

London, Oct. 10.—Following are results of league games played Saturday.

First Division.

Notts Forest 3, Aston Villa 1.
Everton 2, Bury 1.
Bristol City 0, Manchester United 1.
Oxford Athletic 1, Middlesbrough 0.
Sheffield Wednesday 1, Liverpool 0.

GAMBLING FEVER IS STRONG IN ENGLAND

Postmaster-General Takes Steps to Prevent Betting on Sports Through Mails

London, Oct. 10.—The postmaster-general announces his purpose to stamp out betting or gambling in any shape in the postal service, holding out the threat of dismissal for any employee who may be guilty of either. In an official notice sent out the postmaster-general says:

"In view of the commencement of the football season the postmaster-general thinks it desirable to repeat in a somewhat fuller form the warning 'notice' issued with the postoffice circular of April 12 last as regards participation in so-called 'football competitions'. The essential feature of such competitions is that in consideration of the payment of stipulated sums of money or the purchase of coupons money or other rewards are promised to be paid if the results of matches are correctly forecast."

The postmaster-general is advised that participation in such competitions "whether relating to football or any other sport" is in the nature of betting, and therefore comes within the scope of Rule 35, which reads: "Betting and gambling in any form are regarded as most serious offences, and any servant of the department who is concerned in either renders himself liable to dismissal."

Jealous of American horses, the inborn jealousy of English respecting American horses, American jockeys and in fact everything American in the world of sports is shown in many ways. Maher, the king of jockeys, rode Lemberg in the recent St. Ledger race and he committed the offence of trying to win by getting next to the rail. For so doing he is thus criticized by a turf writer who says:

"It is easy enough to find fault with a jockey, and the duty is never agreeable, but in this instance it is impossible to refrain from criticizing Maher, right away from the final bend he seemed to be seeking trouble by keeping Lemberg at the heels of Swynford to the front seven furlongs from home."

It was obvious that Maher was waiting for an opportunity to get through on the inside, and it was perfectly plain to the onlookers that unless something abnormal occurred, or unless Frank Wootton was magnanimous or foolish enough to pull out, the desired opening would not be forthcoming. Naturally enough Wootton maintained the advantage he had secured when sending Swynford to the front seven furlongs from home, and it followed that Maher evidently found himself in an impossible position. When at the distance the American jockey did attempt to force a way through between Swynford and the rails Wootton immediately drew a little closer, and so compelled Maher to pull up his mount. There was no suggestion of 'foul' riding in the procedure adopted by Wootton; he would deservedly have been blamed had he allowed Maher to get through."

I recently referred to the organization of the 'Boxers' Union, which was formed to better the financial condition of men engaged in pugilism. Here is an official report of a recent meeting of the union:

"There was a good attendance of

this newly-formed society at the general meeting held last evening at the Red Lion. Mr. 'Battling' Taylor occupied the chair.

"The secretary stated that a tournament would be arranged by the Union to be held early next month.

"It was agreed that the boxers should share the proceeds pro rata according to their class, less 10 per cent, which would go to the funds of that union."

"A question was asked whether boxers would be permitted to make arrangements with promoters on the latter's terms until the minimum wage of the union was fixed.

"A set of rules have been drawn up, and will be issued after the approval of the committee."

It will be observed that the presiding officer is referred to as 'Mr. Battling' Taylor.

It has been arranged to hold the Amateur Boxing Association championship next year on April 5. The Alexandra Palace will again be the venue, and as success as attended the previous championship meetings held there the selection of that building is a wise one.

SPORT NOTES.

The Young Torontos who beat Vancouver amateurs have won the Mann cup. The final match was played at Toronto on Saturday against the Maitland team. The score was 7 to 0.

The High School Cadets held a practice at Clover Point on Saturday, the

cadets being: Lieut. Stevens, 25; Capt. Lawler, 24; Cadet Cameron, 22; Sergt. Yull, 21; Cadet Lee, 21; Cadet Todd, 21; Cadet Willie, 21; Sergt. Maj. Hanington, 19; Cadet Mulcahy, 18; Cadet Mitchell, 18; Cadet Wood, 18; Cadet Hopkins, 18.

At Kansas City to-night, Bat Nelson fights a ten-round battle with Mon Dale. It is Nelson's first appearance in the prize ring since he lost the light-weight championship to Wolgast at San Francisco last February.

The Victoria West Athletic Club hold the regular Monday night meeting to-night at the club rooms.

From the turn out Saturday at Oak Bay for the Rugby practice there is every indication that Victoria will be represented by a fairly strong team against Vancouver this year.

Saturday afternoon the opening Rugby match of the city league will be played at Oak Bay park, when the J. B. A. and Victoria will be the two competing teams. The Bays are busy conditioning themselves for the game

The Dessert Problem Solved

That ever bothersome question, "What shall we have
for dessert?" has been solved by Mooney's Sugar Wafers.

This delightful confection is taking the country by storm.
Mooney's Sugar Wafers are now served in thousands of homes in
place of pastry and cake. At dinner, luncheon or tea—for picnics
or the unexpected guest—with berries, fruits, ices or beverages there
is nothing better.

Mooney's Sugar Wafers
The Dessert That Creates a Desire For More

Mooney's Sugar Wafers are made in the largest bakery in
Canada. Hundreds of skilled employees—540 windows—3 miles of
floor space. Here in this magnificent sunlit sanitary factory, where
purity is paramount, we create Canada's most toothsome delicacy.

Try a package today. You'll be glad you did so. At your
grocer's in dainty, dust and damp-proof tins, 10 and 25 cents.

LA JOIE WINS THE BIG AUTOMOBILE

Got Eight Hits Off Same Number
of Times at Bat in Game at
Cleveland

(Times Leased Wire.)
New York, Oct. 10.—A big red auto-
mobile, the prize for the highest bat-
ting average in either the American
or National league, probably will be
awarded to Napolean La Joie to-day,
although his right to it is seriously
doubted by many fans.

La Joie passed Ty Cobb in the race
for the big machine by making eight
hits out of eight times at bat in Cleve-
land yesterday, and in baseball circles
it is freely asserted that La Joie was
assisted by members of the St. Louis
team, which was Cleveland's opponent.
Unofficial figures give La Joie's bat-
ting average for the season as .392. He has
played in 158 games and has been at
bat 592 times. He has made 229 hits.
Cobb's average is .379. He has played
in 144 games, has been at bat 507 times
and has made 192 hits.

SEVEN BULL'S EYES MADE AT 35 YARDS

Regimental Shoot on Thanksgiv-
ing Day, if Funds Are Avail-
able for Prizes

At Clover Point ranges on Saturday
afternoon S. Sgt. F. Richardson made
the possible at 500, and he and Gnr.
Anderson tied for first place with a
total of 36 each. Gnr. Zala was first
in the second class with 88.
Regimental messes have been asked
to contribute \$50 each for a Thanksgiv-
ing day shoot which will be held
if sufficient funds are obtained. The
full scores Saturday were:

First Class.	200	500	600	Tot.
S. Sgt. Richardson	30	25	30	85
Gnr. Anderson	32	33	30	95
S. M. Macdougall	27	33	31	91

FIRST SERVICES HELD IN TEMPORARY EDIFICE

Members of First Baptist Church
Occupy New Quarters on
Yates Street

Large congregations assembled yes-
terday on the occasion of the opening
of the new temporary edifice of the
First Baptist church. Rev. Dr. H. F.
Perry, of Vancouver, occupied the pul-
pit and delivered inspiring and uplift-
ing sermons. In the morning the text
was from Matt. xxiii:10—"One is your
Master, even Christ," the speaker dwell-
ing upon the thought of the Master as
our Savior and taking salvation as an
experience of life, an expansion of life,
and an exaltation of life.
In the evening Dr. Perry spoke from
Roman viii:14—"As many as are led by
the spirit of God, they are the sons of
God."—"The spirit of God proving to
be unique, natural, spiritual and sub-
missive."

At the morning service Miss M. Par-
fitt sang "He Shall Feed His Flock,"
and in the evening Mrs. D. E. Camp-
bell rendered "Hold Thou My Hand."
Special music was also provided by the
choir under the direction of H. J. Pol-
lard.
In the afternoon a mass meeting of
all the Sunday school interests of the
church was held. Addresses were
given by Rev. Dr. Perry and Dr.
Spencer and Pastor Warnick. The
officers of the ladies Philathea and
men's Baraca classes were installed
and special exercises were given by
the Burnside, Victoria West and First
schools.

It had been announced that Dr. Perry
would lecture this evening in the
church, but on receipt of a telegram
after the conclusion of last night's ser-
vice summoning him home Dr. Perry
returned to Vancouver by the mid-
night steamer.
Rev. T. E. Holling, on exceedingly
short notice, has kindly consented to
lecture to-night in his stead and will
take for his subject "The Romance of
Language." Mr. J. G. Brown will sing

THE PEOPLE'S COMPANY.

If you want an insurance policy on
your life, it must surely be of interest
to you to be insured in a company that
has no interest to consider or care for
except the interests of its policyholders—
that is to say your interest.

It must also be of interest to you to
be insured in a company where not one
dollar of your money, or the interest
earned on your money, goes into the
pockets of stockholders—all the profits
being paid to policyholders alone.

It must further be of interest to you
to be insured in a company which is
shown by the Government Blue Books
to have the lowest expense rate, and
to have increased its surplus over
several years in the last 10 years, every
dollar of which surplus belongs to the
policyholders.

Such a Company is The Mutual Life
of Canada. It is the company for you.

INFLAMED KIDNEYS

Medical writers declare it incurable
after the sixth month, whether albuminous
or not.

The average man prefers to think of it
as "kidney trouble" and lets it go, but
the census shows this appalling fact—out
of 6,000 deaths from kidney troubles the
last census year over nine-tenths of them
(\$8,000) took the form called "Bright's Dis-
ease," although it is quite probable that
nine-tenths of these up to the last moment
thought of it as and called it "kidney
trouble," when as a matter of fact the
only possible hope laid through a specific
for Bright's Disease.

There never was one until Fulton worked
out his Renal emollient (Fulton's Renal
Compound).
Since then inflammation of the kidneys,
whether albuminous or not or whether
called "kidney trouble" or "Bright's Dis-
ease" or whether six months or six years
old, commonly yields.

If you have had kidney trouble over six
months, no matter what you call it, it is
the only hope. Efficiency 87 per cent.
where patients do not wait until bedrid-
den, although some of them recover. It
can be had in Victoria at D. E. Camp-
bell's drug store.

We desire to hear from and advise with
patients not using the usual "improvement
by the laid bottle." Literature
mailed free. Write John J. Fulton Co.,
646 Battery street, San Francisco, Cal.

—Arthur E. Haynes and thirteen
other owners on Howe street between
Oxford street and May street desire an
asphalt pavement with curbs, gutters
and boulevards, and stipulate that the
asphalt pavement shall not cost more
than \$1.25 per yard and be laid by the
Westwick Paving Company. As this
petition was not first passed upon by
the city solicitor and was not on the
regular form of petition the petitioners
will be requested to submit a properly
drawn petition which will first be con-
sidered by the solicitor before coming
before the streets committee.

\$10.00 each to the next fifteen largest lists.
\$5.00 each to the next twenty-five largest lists.

This offer is good only during the month of October. After October
31st, the regular price will be resumed. THE CANADIAN CENTURY is
sold by all newsdealers and boys, 5c. a copy. Send in your subscrip-
tions each day, one dollar with each one. We will keep a careful tally.

THE CANADIAN CENTURY - MONTREAL

THE INSPIRATION OF A SUCCESSFUL HOUSE

Some house owners, alas, are not inspired with the unusual
sense of the divine fitness of things. Others, happily, express
their own personality artistically and interestingly in every
room. This good taste, nay, personality, is essential if house
decoration, like any other form of art is to remain a splendid
illustration of "Home, Sweet Home."

We would strongly advise anyone planning house decor-
ations to turn their attention to Hall's Sanitary Water Paint.
For obtaining excellent results, it is the most suitable of all
for the interior and exterior of wooden houses. It is perfectly
washable three weeks after being applied. It is made in rich,
deep colors, as well as tints, and affords unlimited scope for
artistic taste and individuality.

With Hall's Sanitary Washable Distemper and Hall's Distemper Friezes

The most charming effects may be obtained. For instance:

THE DRAWING ROOM: Ideal shades would be the lovely lavender
greys, sunshine reflecting yellows and creams, or the delicate greens.

THE DINING ROOM: Secure as cheerful surroundings as possible in
rich, deep colorings. We have many splendid suggestions.

THE LIBRARY: Choose a restful neutral color, say, dull olive green
or brownish grey. The ceiling, if in cream or faint grey will soften
the light without darkening the room.

THE BEDROOM: should be decorated in light and bright style, your
favorite color easily chosen.

THE NURSERY: A greyish green is an exceptionally good shade, for
the children's eyes. Varnish the lower three feet to darken it and
soften the light on the level of the eyes.

THE KITCHEN: Use one of the many light tints for the walls, darker
shade of same color as dado. Varnish will give the desired darker
shade and great resistance round sinks, etc., where wear and tear is
heaviest.

Hall's Distemper is made in two qualities. The outside quality
is weather resisting and can be used on woodwork, iron work,
brick work, stone work, etc. Come in and ask us for booklet

SOCIAL AND PERSONAL

L. M. Hagan, Cowichan, was a week-end visitor in town.

Lieutenant R. Neville, R. N., spent the week-end in Vancouver.

Mr. and Mrs. Arthur West, Tacoma, are the guests of friends in town.

Mrs. H. J. Gray, 739 Victoria Crescent, will receive to-morrow.

Mr. and Mrs. George Hunter, Chemainus, spent the week-end in town.

Mrs. W. E. Oliver spent the week-end in Vancouver, a guest at Hotel Vancouver.

Mr. and Mrs. Thomas Catterall returned on Friday from an extended trip to Europe.

Mr. and Mrs. Alan Dale and family, formerly of Enderby, have taken up their residence here.

Thos. Catterall and Mrs. Catterall have returned from an extended trip to points in Europe.

Miss Ida Irvine, Vancouver, was the guest last week of Mrs. G. A. McTavish, of this city.

Mrs. McDougall, of this city, is the guest of Mrs. A. R. Baker, 742 Broughton street, Vancouver.

Mrs. Edward North, Victoria Crescent, has as her home guest Mrs. W. Melville Baird, Seattle.

The distinguished litterateur and parliamentarian, T. P. O'Connor, will arrive in town on the 20th inst.

Mrs. C. G. Henshaw, a lady well known in social and literary circles, Vancouver, was a guest at the Empress last week.

Mrs. R. E. Blakeway will hold her post-nuptial reception at her residence, 129 Medina street on Thursday next between 3 and 5 o'clock.

Mr. and Mrs. J. A. Hosken (nee Miss Vera Gonnell), whose marriage was solemnized on Thursday last, will spend the winter in California.

Hon. A. E. Smith, consul of the United States, and Mrs. Smith, have been spending fair week at New Westminster, the guests of Mr. and Mrs. D. S. Curtis.

Mrs. Beauchamp-Tye is visiting in Vancouver and assisted at a smart post-nuptial reception held by Mrs. Hubert Blake McEwin, Kitsilano on Friday afternoon.

Rev. J. Fraser Evans, M. A., who spent several weeks here last summer the guest of relatives, has accepted a call to the Presbyterian church at Fair Oaks, Sacramento County, California.

The many friends of Capt. Geo. Brown will be pleased to hear that he has been removed from the Jubilee hospital to his home, 918 Mason street and will be seen out again in a few weeks.

The Misses Marion and Muriel Dunsmuir and Miss Phyllis Green, who are visiting in Vancouver, were guests at

Challoner & Mitchell Co., Ltd.

JEWELLERS,

1017 Government St., Victoria, B.C.

a smart dinner, given in Hotel Vancouver on Friday evening by Mr. and Mrs. John Hope in honor of a distinguished party from California.

The Misses Dunsmuir and Miss Phyllis Green were among the Victorians who attended the dance given in Glencoe Lodge, Vancouver, last Friday evening under the auspices of the Anti-Tuberculosis Auxiliary. About 250 guests were present, and the ball was a great success.

Mr. and Mrs. Thos. M. Sturges with Miss Sturges returned on Friday from Seattle where they have been visiting their nephew and niece, Mr. and Mrs. A. D. Sturges, and will reside at 2341 McBride avenue. Recently Mr. Sturges sold his fruit ranch on the Kootenay lake near Nelson to Mr. W. Tudor Howell, barrister, Temple, London, England, son of Dean Howell, and now intends to reside permanently at Victoria.

The marriage of Agnes Rose Fielding, eldest daughter of Mrs. A. Lloyd of Burnside road, to Albert Harold Hancock, fourth son of John Hancock, Meath Villa, Burnside road, was solemnized Saturday evening by his lordship, Bishop Perrin in Christ Church cathedral. The wedding was a quiet one, only the immediate friends of the respective families being present. At the conclusion of the ceremony a reception was held.

William Faversham, who was last seen here in "The Squam Man," who has taken front rank among American actor-managers, will present his greatest dramatic success, "The World and His Wife," at the Victoria theatre on November 7th. "The World and His Wife" is founded upon Jose Echegaray's famous Spanish drama, "El Gran Galeoto." The theme of this play is the curse of gossip, and taking the original play into account, might very well have had as a sub-title—"The Tragedy of Gossip." When the play was given a single performance in Boston in 1907 it scored a pronounced success, and in its original form the play has been a great favorite on the continent. Jose Echegaray is the author of over fifty plays—his "El Gran Galeoto," on which "The World and His Wife" is founded is considered his best and most important play. Mr. Faversham has chosen his company with the idea of forming a permanent organization. Mr. Faversham's supporting company includes Julie Opp, H. Cooper Cliffe, Lionel Belmont, and Harry Redding.

New Grand Theatre.

To-day at the New Grand Dewitt Young and his sister will open for the first time in this city with the college studio juggling act, wherein the man will juggle with tables, beds, stoves, etc., the same as regular jugglers use plates and other small articles. Miss Young will give an exhibition of Australian boomerang throwing. T. Nelson Downs will juggle coins, using as many as twenty at once. The three Imperials are offering a musical act without a moment's rest from curtain to curtain; the Escardos, a Vienna troupe of acrobats, bring a new idea in stage mechanism and athletics, and Ed Cox and Miss Farley promise an all round vaudeville act of singing and dancing. Thomas J. Price will sing and moving pictures never seen here before are to close the show.

The Crystal.

Some programmes of first order have been secured for this week. Monday and Tuesday a special feature, and a strong one, is "A Cowboy for Love." This is a story of touching interest. A rich farmer's son is rendered unconscious by a fall from his horse; he is ministered to by a lovely Mexican peasant girl; a strong attachment springs up between the couple; opposition of the rancher; elopement, son cast off by his rich dad; three years later the old man comes suddenly upon his son's cottage, enters and finds a baby alone; the clasp of baby's fingers melts his heart, and a happy re-union occurs. In this story the various emotions are splendidly depicted.

"Leon of the Table D'Hote" is an extremely amusing subject; it ranks as a first-class comic, is bound to please. Other attractive items will be presented, making a varied and strong programme.

ception and supper was held at the residence of the bride's parents, after which the happy couple left for Vancouver and the Sound cities where the honeymoon will be spent. They will take up their residence in Victoria.

"The City."

Clyde Fitch's last play, "The City," which will be presented by Messrs. Shubert for the first time here at the Victoria theatre to-morrow night, is a vital, absorbing drama, showing the effects of metropolitan life on an ambitious and prosperous family—who moved to New York city from a small up-state town. Furthermore, it is the defence of the city as dearly loved and so admirably interpreted by Mr. Fitch as the crucible in which the essential good and bad qualities of men and women are more thoroughly brought to the surface; the place too fraught with activity to tolerate the self-deceit and small hypocrisies which may flourish in lesser localities.

The most exact ideas of the theme and the sentiment of "The City" are found in the dramatic and explanatory speech of the central character, George Rand, Jr., in the last act of the play. This outburst is called forth by the walls and lamentations of the other people in the play who seek to blame the city rather than themselves for the various catastrophes with which they have been overwhelmed.

"The City" is in three acts—each of the three intense with interest, excitement and emotion. The first act, somewhat in the nature of a prologue, takes place in the home of George Rand, Sr., in the up-state town where he is the local banker and leading public figure. This act shows the eagerness of the young people, against the advice of their father, to establish themselves in the metropolis. The other two acts occur in the city home of the son, George Rand, Jr., after the lapse of a few years, when he has attained a position of prominence and has within his grasp the nomination for the governorship of the state.

The capable, well-balanced cast comprises Norman Hackett, Geoffrey C. Stein, M. H. Harriman, Josephine Florence Shepherd, Ethel Martin, Susanne Willa, Dora Booth, Gwendolyn Lowery, Arthur S. Hull, Marie Majaron and others. The play comes direct from a year's run at the Lyric theatre, New York city, and this is its first production in this city.

"The Goddess of Liberty."

It seems certain that all the adjectives justified by English authority have been utilized in application to Mort H. Slinger's stupendous Princess theatre success, "The Goddess of Liberty." This musical comedy, which last season enjoyed a run of one solid year in Chicago, appears now to be merely a pleasant pastime, once seen and then dismissed from the mind, but it is evidently the possessor of such permanent qualities that it is qualified for a place among classics. It is infinitely true that a great popular success meets with practically unanimous word of approval from professional critics, but the public and press, in the matter of this comedy, seem in one accord: "The Goddess of Liberty" comes to the Victoria theatre for one night on Thursday next, with the original Chicago production, Joseph E. Howard, the composer of the music of this sterling comedy, will be seen in the leading role.

"The World and His Wife."

William Faversham, who was last seen here in "The Squam Man," who has taken front rank among American actor-managers, will present his greatest dramatic success, "The World and His Wife," at the Victoria theatre on November 7th. "The World and His Wife" is founded upon Jose Echegaray's famous Spanish drama, "El Gran Galeoto." The theme of this play is the curse of gossip, and taking the original play into account, might very well have had as a sub-title—"The Tragedy of Gossip." When the play was given a single performance in Boston in 1907 it scored a pronounced success, and in its original form the play has been a great favorite on the continent. Jose Echegaray is the author of over fifty plays—his "El Gran Galeoto," on which "The World and His Wife" is founded is considered his best and most important play. Mr. Faversham has chosen his company with the idea of forming a permanent organization. Mr. Faversham's supporting company includes Julie Opp, H. Cooper Cliffe, Lionel Belmont, and Harry Redding.

A Letter!

Victoria, B. C.,

Oct. 9th, 1910.

TO THE LADIES OF VICTORIA:

We take unusual pleasure in stating that we have gathered together the most enormous and beautiful stock of Opera Cloaks, Kimonos and Dressing Jackets for Fall and Winter wear that it is possible to procure.

In making these tremendous purchases we have spared neither expense, experience nor influence.

We are able to not only quote and guarantee the lowest prices, but to offer you the largest stock in the Dominion to choose from. 'Tis only necessary for you to visit us and prove our statement.

Many ladies have been used to seeing in other stores the Oriental silks in none but glowing and gaudy colors, and it is through carefully studying the ladies' wants that we are able to show some beautiful Opera Cloaks, Kimonos and Dressing Jackets in embroidery designs, colors and linings, that are most artistically blended and free from "the gaudy."

In conclusion we mention that our store does not close until 10 p.m., thus affording you the opportunity of paying us an evening visit.

We are, your obedient servants,

gramme. One of the latest song hits, beautifully illustrated, will be sung by Geo. McLellan.

Romano Theatre.

Judging from the large crowd of enthusiastic patrons who visited the above theatre last week, the fine pictures which the management are showing, are certainly attracting attention. The manager promises something exceptionally fine to-day, in "All the World's a Stage," a very fine Imp comedy drama. This has to deal with a man, his wife, and a friend, who are all actors. The friend is acting the love scene with his friend's wife, and her husband thinks that it is not artificial enough for him. He is given the part to play in place of his friend, with the result that his wife and him make up the quarrel, much to the friend's disgust. There will be several other pictures shown among which are: The Golden Hoard, a very fine drama; The Girl and the Ranger, western; When Cupid Sleeps, fine comedy.

The Romano orchestra will furnish the music for the pictures.

Lessons in Voice Production and Singing, given by Paul Edmunds, of London and Paris, baritone with tenor, on her last British tour, Studio at Wait's Piano Stores.

CLOSING DAY SAANICH FAIR

DESPITE BAD WEATHER
EXHIBITION WAS SUCCESS

Judges Praise Fine Exhibits—
Good List of Sporting
Events

The annual exhibition of the North and South Saanich Agricultural Society was brought to a successful conclusion on Saturday evening. The exhibition, which was held at the fair grounds, was a great success, and the judges praised the fine exhibits and the good list of sporting events.

Saturday was recognized as a holiday throughout the Saanich peninsula and despite the inclemency of the weather, the residents of both districts began to gather early in the afternoon. Victorians, who always patronize the fair, visited the exhibition in large numbers, the special train, which left at 10:30 a.m., was crowded with people. Among those who attended the exhibition were: Hon. D. M. Eberts and Hon. Price Ellison, who viewed the exhibits with general satisfaction. It was expected that they would open the show, but neither addressed the gathering.

By noon on Saturday all the awards had been made and the ribbons and cards were placed over the winning exhibits. The poultry and horses were judged by M. A. Jull, livestock commissioner for the province; the cattle, sheep and swine by J. H. Moore, dairy instructor, and the bread, cakes and pastry by W. J. Rennie, of this city.

The only Victoria exhibitors in the roadsters class were Rennie & Taylor, who captured a number of firsts. In the span their two little stallions were awarded first by the judges. Exhibited separately the horses secured first and second places from a large field. In the two-year-olds the local horsemen were successful in taking the blue ribbon with one of their thoroughbred equines. In all the other classes the competitions, which were between the farmers of the peninsula, were all very keen.

The two most coveted prizes in the cattle classes, the championship for the best bull and cow, were won by J. L. Brooks, of North Saanich. Both animals were perfect specimens and did not take the judges long to decide in their favor.

The cup presented by A. Hendry, of this city, for the best collection of vegetables was awarded to Dean Bros., one of the largest exhibitors at the fair. They secured 31 points, being four ahead of their nearest rival, J. A. Grant, of Royal Oak.

In the afternoon the Fifth Regiment band attended the fair and rendered a choice programme of musical selections. While the musicians were play-

ing the hall was crowded, and at times it was difficult to move.

Every event on the sports programme held in connection with the fair was keenly contested and sufficient amusement was provided for all. The horse races probably attracted the most interest, although the athletic events were excellent.

Despite the heavy downpour of rain, the track, which is situated in the field adjoining the exhibition grounds, was lined with people under the shelter of numerous umbrellas and very few of the enthusiasts left the track before the conclusion of the programme.

The first race on the programme was the half mile trotting in which three horses, Palmero Boy, Saanich Boy and Saratoga, faced the starter. Although the track was very muddy the horses made good time and kept well together during the whole distance. Palmero Boy, however, took the lead at the final turn and made a fine run down the stretch, besting Saanich Boy by several lengths. In the second heat the winner of the first was again successful in defeating both of its rivals, thereby gaining the \$25 purse offered by the society. Saanich Boy received second money.

In the half mile running race three horses owned by Saanich horsemen left the barrier. As they circled the track without one gaining any advantage of the other it looked as though another heat would be required. Dick Simpson's equine finally forced into the lead a short distance from the finishing post. W. Flanagan's horse secured second place, while H. North finished last.

Of the athletic events the most interesting was the half mile, which brought out three starters, A. Bates, W. Anderson and Johnson Bob, an Indian. Bob acted as pacemaker for about half the distance and as he was running with a long stride it looked as though he would win from his two smaller competitors. He, however, did not have the staying power and when Bates commenced a sprint down the stretch his rival was unable to respond. Anderson was also able to pass Johnson Bob before the finish.

The summary of events is as follows:

Horse Races.
Trotting half mile—1, Palmero Boy, Russ Hunter, Victoria; 2, Saanich Boy, Rennie & Taylor, Victoria.
Running half mile dash—1, A. Simpson; 2, W. Flanagan.

Athletic Sports.
Boys' sack race, under 15 years, 100 yards—1, J. Bates; 2, F. Young; 3, A. Dean.

Half mile open—1, H. Bates; 2, Walter Anderson; 3, Johnson.
Quarter mile open—1, W. Anderson; 2, H. Bates; 3, A. Dean.

Potato race, boys under 15 years—1, J. Bates; 2, A. Dean.
Arrangements are being made for the annual meeting of the society shortly. Among the chief items of business to be discussed will be the new building. For many years it has been felt that a new building, to house the fair, should be erected.

The executive committee deserves great credit for the splendid show which they held. P. H. Moore, dairy instructor, said: "The quality is good

and is far ahead of any of the small shows I have seen throughout this province." The committee is as follows: Fred Turgoose, president; J. Harrison, vice-president; Edgar F. John, secretary-treasurer; Directors—W. Derrinberg, A. Roy, Geo. Buttery, W. R. Armstrong, H. E. Tanner, J. W. Brethour, George Stewart, M. Dean, W. D. Mitchell, H. F. Haldon, K. R. Streetfield, George Clarke, Thomas H. Simpson, F. D. Gospe, D. Thomson.

The list of prizes awarded on Saturday follows:

Grain, Grasses and Seeds.

—Fall wheat, half bushel—1, W. Derrinberg; 2, Dean Bros.

—Spring wheat, half bushel—1, Dean Bros.

—Chevalier barley, half bushel—1, Dean Bros.

—Any other variety, half bushel—1, Dean Bros.

—White oats, half bushel—1, W. D. Mitchell; 2, J. L. Brooks.

—Field peas, white, half bushel—1, J. T. Harrison; 2, Dean Bros.

—Ten pound beans—1, J. T. Harrison; 2, Dean Bros.

—Bale of Hay—1, W. D. Mitchell.

—Sheaf of fodder corn—1, J. A. Grant; 2, Davis and Buttery.

—Collection of forage plants, with roots to be correctly named—1, J. A. Grant.

—Collection of grain, cut full length—1, Dean Bros.

Dairy Products.

—Fresh butter—1, Mrs. R. S. Griffin.

—Bread, white—1, Mrs. S. Brethour; 2, Mrs. J. A. Grant; 3, Miss M. Franks; 4, Mrs. W. E. Heal.

—Graham bread—1, Mrs. J. T. Harrison; 2, Mrs. J. A. Grant; 3, Mrs. J. E. Bell; 4, Mrs. Heal.

—Chocolate cake—1, Miss Dolly Franck; 2, Mrs. J. T. Harrison.

—Cocoanut cake—1, Miss Dolly Franck; 2, Mrs. S. Brethour.

—Fruit cake—1, Mrs. Veltch; 2, Mrs. S. Brethour.

—Lemon cake—1, Miss Harrison; 2, Mrs. Brethour.

—Apple pie—1, Mrs. Heal; 2, Mrs. Harrison.

—Honey in jar—1, W. R. Armstrong.

—Honey in comb—1, W. R. Armstrong.

—Display of honey—1, W. R. Armstrong.

Horses—Roadster.

—Stallion—1, Mrs. Gouge; 2, W. E. Heal.

—Span horses—1, Rennie & Taylor.

—Buggy horse—1, Rennie & Taylor.

—Three-year-old gelding or filly—1 and 2, W. D. Mitchell.

—Two-year-old gelding—1, Rennie & Taylor; 2, W. E. Heal.

—Yearling colt—1, D. Lehman & Son.

Horses—Agricultural Purposes.

—Span horses—1, J. T. Harrison.

—Single horse—1 and 2, J. T. Harrison.

—Two-year-old gelding or filly—1, J. L. Brooks.

BIG TRUST COMPANY IS TO OPERATE HERE

Canada West, Syndicate is to
Maintain Its Head Office in
Victoria

An announcement of great interest is that the Canada West Trust Company, Limited, with an authorized capital of one million dollars, will shortly open for business here and have their head office in this city. The company will transact a general trust business such as is carried on by the leading trust companies of the Dominion. Modern ground floor offices are now being secured.

The advent of the Canada West Trust Company, Limited, shows that the large financial and business interests are alive to the splendid future possibilities of this city and Vancouver Island.

A company, conducted along the lines proposed by the Canada West

will be productive of much benefit to the city, by way of attracting fresh capital for the new industries, etc. The time is ripe for the development of such a company, and success from the start is assured.

D. C. Reid, the president and manager, is also president of the Island Investment Company, Limited, and president of the British Columbia Interior Land & Improvement Company, Limited. For years Mr. Reid has made a close study of companies of this kind, and since his arrival in British Columbia, some years ago, has been closely associated with some of the largest and most successful financial institutions in British Columbia.

In conversation with the Times, Mr. Reid stated that the Canada West Trust Company, Limited, was organized some five months ago. Since that time it has been quietly perfecting its organization, and the results of the efforts that have been put into the business already, have been productive of splendid results.

The capital is nearly all local, and several prominent local men figure on the directorate, the officers and directors being: D. C. Reid, president and manager; W. O. Wallace, vice-pres-

ident; A. E. Forbes, secretary-treasurer; W. K. Houston, Victoria; Lieut.-Col. I. Eardley-Wilmot, London, England; Howard Farrant, Vancouver, B. C.; J. W. Givens, Vancouver, B. C.

The solicitors are Messrs. Tait & Brandon, Victoria, and the bankers, the Merchants Bank of Canada.

WHAT IS ITCH DIRT?

It is the old Anglo-Saxon name for Dandruff and it's a good one. If you have dandruff you have itchy dirt and the little microbes that are part and parcel of dandruff are working persistently night and day and sooner or later will reach the very life of your hair and destroy its vitality.

Then you'll be bald—Bald to stay—for not even the wonderful rejuvenating properties in Parisian Sage can grow hair after the hair bulb or root is dead. Parisian Sage cures Dandruff, D. E. Campbell, the druggist, sells it—recommends it and guarantees it; only 50 cents a large bottle and your money back if it fails to cure Dandruff. Falling Hair and Itching of the Scalp.

The death-rate of the British navy is slightly higher than that of the army.

Apropos of a discussion in regard to the rule of the road which was precipitated recently by Dr. Ernest Hall in a letter to the Times, the following dispatch from London, England, should prove of great interest:

British motorists hope to bring about an international conference to discuss the question of a universal rule of the road. The United Kingdom is the only country in Europe, with the exception of Bohemia, where the left-hand rule prevails. America also is aligned with the majority in the matter. Nevertheless, British experts believe that the left-hand rule has more to commend it than the other, and that an international conference would decide in its favor. Already Marquis de Dion and other influential Frenchmen are advocating the adoption in France of the British custom.

The left-hand rule of the road is observed in British Columbia. The matter is becoming more and more important. Year by year the number of British motorists touring the continent is increasing, while the number of continental motor tourists in Great Britain also is growing constantly. However, in this, as in every other problem, the chief factor is the American. One can see American cars and American drivers at almost any moment on the principal streets of London.

A correspondent asked many of these as to how they fare in London traffic, and they all said that the left hand rule confuses them greatly and keeps them ceaselessly on the anxious seat. They also say that the right hand driver has great difficulty in making himself at home in the narrow, winding hedge-blinded roads of the provinces.

"The most important consideration involved," says Lord Montague, editor of the Car, "is the fact that most men are right-handed, and hence it is natural to place the steering wheel, the change speed lever and the hand brake lever on the off-side of the car."

"Aside from this point, it would, generally speaking, be a matter of indifference whether the driver turned to the right or the left. In one respect, however, the continental method is particularly bad. The car drivers when walking keep their cars on the right hand and themselves in the middle of the road, which is always a perilous position for everybody concerned. We are convinced that if the world could be induced to adopt the left-hand rule it would add immensely to the pleasure and security of international motor touring."

(Times Leased Wire.)

Washington, D. C., Oct. 10.—"I am absolutely certain that the census announcements for the Pacific Coast cities will be found accurate and I am sure that there will be no padding of returns," said E. Dana Durand, director of the census, to the United Press today.

Director Durand has been prepared for many months for the enormous increases shown by the cities of the Pacific coast and the figures as they have come in from the enumerators, though in some cases almost beyond belief, were no surprise to the census officials. Reports of the possible juggling of the returns on account of intense rivalry between the cities before the enumeration began and such steps were taken as to make recounts unnecessary.

"The time of padding census returns is past both because it does not result in any good to the city, and because the system employed by the census shows such great improvement in methods," said Durand.

"Any statement that we have found padded results from the Pacific coast was without authority, but we are exercising the utmost care to make sure that the final announcements are absolutely correct."

In the Polar regions the sea contains less salt than near the Equator.

SENATOR WILL SAIL
IN PUEBLA'S PLACE

Eureka Bringing Freight Here
From San Francisco for P. C.
S. S. Co.

Changes in the sailings of Pacific Coast Steamship Company's steamships necessitated by the temporary withdrawal of the City of Puebla for repairs at Seattle have been announced by R. E. Rithet & Co., agents for the company at this port.

The steamship Senator, which has just returned from Alaska, will make one round trip, leaving Seattle on October 18, Victoria the following day and returning, leaving San Francisco on October 25, arriving Victoria on October 27.

The steamer Eureka has been chartered for one trip, with freight only, between San Francisco, Victoria and other usual ports. She will sail for this port to-morrow and is due about Friday.

The south-bound sailing for November 1 will be fixed later, as it is not yet known whether the City of Puebla will be in commission again by that time.

Passengers coming north this week will be brought to Seattle by the steamship Governor and President and transferred. The Queen will sail for the south on her regular schedule next Wednesday morning.

BELFAST COMPLETES
LARGEST OF DRYDOCKS

Is 850 Feet Long, Cost \$1,750,000,
Accommodates World's Biggest Warships

Belfast, Oct. 10.—The Belfast harbor commissioners have completed the construction of the biggest dry dock in the world and have thus placed Belfast indisputably at the head of the whole world as a shipbuilding centre.

The dock, which has been seven years in building, is 850 feet long and can be extended 150 feet more if required at any time. It is 135 feet wide on the floor and 42 feet six inches deep. It holds 23,000,000 gallons of water and is equipped with pumping machinery which can empty it in an hour and three-quarters.

This is the only dock in the world that can accommodate the two monster White Star liners which are now nearly completed in Harland and Wolff's yards, and which are destined for the New York service. It is also the only dock in the United Kingdom that can accommodate some of Great Britain's biggest battleships, and though the Belfast yards are said to have never been fairly treated in the matter of admiralty work, the British government will now be compelled to send a good deal of its repairing work there simply because there is no other yard in England which is equipped for doing it.

MOVEMENT OF VESSELS

(Times Leased Wire.)

Seattle—Arrived: Steamer Shua Yak from San Francisco; steamer Senator from Nome; steamer Buckman from San Francisco. Sailed: Steamer Saturn from San Francisco.

San Francisco—Arrived: Steamer Alaskan from Seattle; steamer City of Topeka from Victoria.

NOTICE TO MARINERS

Notice has been received that the light on Copper Island beacon, Queen Charlotte Islands, is at present burning very dimly, and as soon as the marine department has a vessel available, the light will be examined. Marine and Fisheries Department, Victoria, October 10, 1910.

Naval Officers Going to Bedford
Enquiry—New Chinese Consul-General Arrives

On their way to England to attend the enquiry into the loss of H. M. S. Bedford on the Korean coast, August 21, Capt. C. G. Cayley, R. N., of H. M. S. Minotaur; Capt. L. E. Power, R. N., of H. M. S. Monmouth; Commander A. T. Darley, R. N.; Lieut. M. Tindal, R. N.; Lieut. J. B. Murray, R. N.; and Chief Carpenter Cadogan, were passengers on the R. M. S. Empress of India, which arrived from the Orient shortly after three o'clock on Saturday afternoon. Chief Carpenter Cadogan was one of the Bedford's crew.

The white liner brought an immense valuable cargo of silk, seal skins, and Oriental merchandise, the silk alone consisting of the 26th class valued at over one and a half million dollars. In addition to this cargo the steamship carried 291 cases of silk goods, 24 cases of ponies, 14 cases of seal skins taken by Japanese schooners and destined for London, and a large assortment of general Oriental freight.

Fifty-two saloon passengers travelled by the white liner from points in China and Japan, among them being S. Y. Wang, formerly a Chinese government official at Nagasaki, who was recently appointed consul-general to Canada and is on his way to Ottawa with his wife and family. A deputation of local Chinese met Mr. Wang on the arrival of the liner and welcomed him to the Dominion on behalf of his countrymen.

J. R. Shaw, of the C. P. R. staff at Yokohama, was among the passengers who landed here. Baroness de Chaboulon and Mrs. Emerson McKim, who have been visiting the Orient, returned on the Empress and are going to Reno, Nevada. Among the other saloon passengers were: Dr. E. S. Rogers, a retired officer of the United States navy; George Michie, a merchant from Tientsin; Yuen Chong, N. Colston, Dr. Chas. H. Crooks; Mrs. Crooks; J. F. Cox, Y. Fujita, Mrs. Gardiner Hall, Tam Man Hang, H. Hepner, Mrs. Hepner, E. S. Hine, G. W. James, A. W. Kruemmer, P. Lambie, M. B. Marshall and two children, W. M. McDonald, Herman Meyer, F. A. Monroe, K. Oshima, E. Pond, J. F. Sharpe, J. R. Shaw, Tam Mun Soon, Tam Wing Sung, Dr. W. Glass Trotter, Mrs. Trotter, Dr. R. J. Ushikubo, L. Ward, Lieut. G. D. Ward, R. N.

On arrival at William Head quarantine station the Empress of India was boarded by Special Agent Foster, of the Dominion Secret Service, who is engaged upon the investigation of the evasion of the head-tax by Chinese immigrants provided with bogus drafts to create the impression that they are merchants. With Mr. Foster were his interpreter, David Lew, and Lee Mong Kow, of the local customs. Eighteen Chinese were taken from among the steamer passengers and are now awaiting further action on the part of the authorities and subsequent deportation. The men, who are confined in the immigration building, were questioned exhaustively by Mr. Foster through his interpreter yesterday. So much resentment has been aroused among the British Columbia Chinese by the rigid investigation now being carried out by the government that several threats have been made against the life of Lew, the interpreter.

MARAMA ENCOUNTERS
A TERRIFIC GALE

Liner Passes Through Hurricane
Safely and Reports "All-Well" by Wireless

A wireless dispatch from the Canadian-Australian liner Marama received by the Tideside telegraph station off Cape Scott at 8 o'clock last night, when the steamer was 80 miles from Vancouver, states that she had passed through a terrific hurricane.

No damage was done to the mail vessel, although ten sickness was general among her passengers. Her parting message to the station was "All well."

MARINE NOTES

The steamer Trader is due this afternoon from New Westminster with exhibits returned from the fair held there last week.

The Princess Ena, now unloading freight at Skagway, will bring a shipment of ore from Prince Edward Island to the Lady-smith smelter on her return voyage.

The steamer City of Nanaimo will load 25 tons of Oriental freight, ex the Hoki liner Antiochus, for Nanaimo, 20 tons of feed for Ganges Harbor and 10 drums of whale oil for the Wellington Colliery. She leaves for Comox and way ports to-morrow morning.

The schooner Aluma, Capt. Lawson, now 72 days out from Antofagasta with a cargo of nitrates for the Victoria Chemical Works, is looked for daily.

The American schooner Allen A. Capt. Shippey, has completed her lumber cargo at Chemainus and will tow to sea to-morrow.

The Canadian-Mexican liner Empress will to-morrow commence taking on cargo for Salina Cruz and way ports to Vancouver. In addition to general freight the Empress will carry 150 tons of Comox coal. She will leave about the 15th. Capt. Rate, late of the Georgia, will be in command.

The Norwegian steamer Tordenskjold, well-known in this coast, is reported chartered to carry sugar from Java to the B. C. Sugar Refinery at Vancouver. The steamer sailed from Nanaimo for Australia on August 21st, and will proceed to Java after discharging her coal cargo at Sydney.

PRINCE RUPERT IN
SEVENTY-MILE GALE

G. T. P. Steamer Behaves Splendidly—Broken Piston Ring Causes Slight Delay

While crossing Queen Charlotte Sound, the G. T. P. steamer Prince Rupert, Capt. Johnson, encountered a terrific gale blowing from the south-east at a velocity of more than 70 miles an hour. Although meeting the sea head-on, the three-funnelled steamer was practically on time when she passed into the sheltered waters of the inside passage. She behaved splendidly and sustained no damage, although mountainous waves broke on her bows.

Off the Sisters lighthouse the piston ring in the starboard engine cracked, and the steamer came to port under one engine. Some little time was lost through this slight accident at Vancouver, where repairs were made, the Prince Rupert not arriving here until nearly midnight on Sunday. Leaving for Seattle almost immediately, the G. T. P. steamer picked up the lost time and sailed for the north again last night on schedule.

From Prince Rupert and other north-west ports 150 passengers came south, including C. H. Topp, who has been to Masset, Q. C. S. Mrs. L. H. Gray, Miss Gray and Miss Pierce, who accompanied Mr. Gray on a trip over the Babine trail, going in by way of Ashcroft.

Among those who went north on the Rupert last night were J. E. Dalrymple, assistant freight traffic manager of the G. T. P., who is going on a business trip to Prince Rupert; Miss P. de Lorme, Mr. and Mrs. W. A. Ferguson and A. E. Holt.

LIGHT AND FOG HORN
WERE NOT APPARENT

Capt. Allen, of Steamship Henley,
Supplements Complaints Regarding Tatoosh Island

Frequent complaints concerning the failure of the light and fog signal at Tatoosh Island, the United States reporting service to the entrance to the Strait of Juan de Fuca, have been made by the masters of vessels arriving on Puget Sound and in British Columbia ports. These have been supplemented by a letter received by the branch hydrographic survey office, at Port Townsend, Wash., from Capt. Allen, of the Canadian-Mexican liner Henley, a copy of which has been forwarded to the local office of the marine and fisheries department and will be issued as a notice to mariners.

Capt. Allen's letter, which bears out the complaints of other shipping men, is as follows: "Attention is respectfully called to the light and fog signal on Tatoosh Island (Cape Flattery). The writer has frequently rounded the Cape in thick weather, and when a distance of two miles from the lighthouse, by dead reckoning, nothing has been seen of the light and nothing heard of the fog signal, either by day or night, although the weather was calm at the time, on several occasions. "This dangerous Cape is the rounding point, to and from all ports, American and Canadian, for all ships coming from or going southward, and most vessels, from the westward endeavor to make it before proceeding through the strait of Juan de Fuca. It should, therefore, in the writer's humble opinion, be provided with a powerful light and fog signal."

Capt. Allen's letter is dated from Manzanillo, Mexico, September 26, and was written on the present voyage of the Henley which is due here from the south on October 29.

OBITUARY RECORD

Thomas William Cox, the 19-month-old son of Mr. and Mrs. William John Cox, Parkdale, passed away yesterday at the St. Joseph's hospital. The funeral has been arranged to take place on Wednesday afternoon at 2 o'clock from the B. C. Funeral Company's parlors. Interment will be made in Ross Bay cemetery.

This afternoon the funeral of the late Barthelemy Mycock, the 2-year-old daughter of Mr. and Mrs. A. J. Mycock, took place from the residence of H. Mycock, Grand View Farm, Royal Oak, at 2 o'clock. Interment was made in Shady Creek cemetery. Many friends attended and a wealth of floral offerings covered the casket.

The funeral of the late Mrs. Alice Jameson took place yesterday afternoon at 2:30 o'clock from the Eagles hall, Government street. Services were conducted by Rev. A. E. Roberts and the hymn, "Jesus, Lover of My Soul," was sung. Many sympathizing friends attended and the floral offerings were numerous and beautiful. The pallbearers were: Geo. Cain, F. Le Roy, N. K. Nelson, R. Westbrook, C. F. Manning and J. C. Wylie.

There passed away yesterday morning at the family residence, East street, Herbert Clarke, at the age of 44 years. Deceased, who was a native of England, had been in this country but two years, and had been working at Mayne Island. A sorrowing widow is left to mourn his loss. The funeral will take place to-morrow afternoon at 2:15 o'clock from the Victoria undertaking parlors and fifteen minutes later at Christ Church cathedral.

Yesterday afternoon the funeral of the late Arthur McQuillan took place at 4:30 o'clock from the Hanna chapel, where Rev. Dr. Campbell conducted impressive services. At the graveside the last rites of the Orange lodge were read by D. Smith, the chaplain. There was a very large attendance of friends and the Orangemen were present in a body. The floral offerings were numerous and beautiful. The pallbearers were: E. C. R. Bagshaw, G. O'Neil, G. Marsh, W. C. Thompson, D. Bell and D. Smith.

The remains of the late Mrs. Sois Mellor were laid to rest in Ross Bay cemetery yesterday afternoon. The funeral took place at 2:30 o'clock from the family residence, 557 David street, whence the cortege proceeded to St. John's church. Rev. A. J. Stanley Ard conducted a very appropriate service and also read the burial services of the English church at the graveside. The attendance of friends was very large and the floral offerings, which covered the casket, were beautiful. The following acted as pallbearers: A. Hard, H. C. Halfpenny, J. Fry, A. Tripp, T. S. Morrison and W. Roach.

Interment of the remains of the late Mrs. Elizabeth Jane Smith was made in Ross Bay cemetery yesterday afternoon. The funeral, which took place at 2:30 o'clock from the parlors of the B. C. Funeral Company, was attended by a large number of sympathizing friends. At the chapel Rev. W. Leslie Clay conducted services. The hymns "Jesus, Lover of My Soul," and "Nearer My God to Thee" were sung. The floral offerings were numerous, which testified to the esteem in which the deceased was held. The following gentlemen acted as pallbearers: W. G. Cameron, H. Cooley, C. Cameron, F. Bennett, W. Wilson and J. Stannard.

Impressive services were conducted at the funeral of the late Mrs. Ann Jane Huxtable, which took place yesterday afternoon from the family residence, 1205 Moss street, and at Christ Church cathedral fifteen minutes later, by Rev. E. G. Miller. The choir of the church was in attendance, and the hymn "Jesus, Lover of My Soul," was sung. Members of the L. O. O. F. were present, and a large number of the friends of the deceased were present, and the casket was laden with floral tributes. F. Davey, M. P. P.; P. W. Dempster, R. Anderson, W. Lenfesty, J. Clark, and T. C. Jones officiated as pallbearers.

The steamship Falls of Orchy, which has arrived at Seattle, reports losing a Chinese member of the crew on her voyage of fifty-four days from Antwerp, via Cardiff, to San Pedro. Off Cape Horn the freighter was delayed by heavy gales. A discharge on the Sound the Falls of Orchy will coal at Comox and proceed to San Francisco to load a return cargo for Europe.

The time used is Pacific Standard, to the 12th Meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water.

The height is in feet and tenths of a foot, above the average level of the lowest low water in each month of the year. This level is half a foot lower than the datum to which the soundings on the Admiralty chart of Victoria harbor are reduced.

B. C. Coast Service
Fall and Winter Sailings

ALASKA AND PRINCE RUPERT SERVICE.
S.S. PRINCESS ROYAL and PRINCESS BEATRICE sail from Victoria every Friday at 11 p. m., and Vancouver Saturdays at 11 p. m., for Skagway, calling at Swanson Bay, Prince Rupert, Port Simpson, Ketchikan, and Juneau.

T. P. O'CONNOR AS IMPERIALIST

IRISHMAN ADVOCATES EMPIRE ASSEMBLY

Would Have Four Local Parliaments in British Isles to Control Local Affairs

It was not by reciting the woes of Ireland that Mr. T. P. O'Connor, one of the leading Nationalist members of the British House of Commons and an envoy of the United Irish League to Canada and the United States, sought to interest his audience in Massey hall, Toronto, a few days ago in the struggle of his party to secure local self-government for his country. On the contrary, his speech included a confident expression of opinion that Ireland would, shortly attain Home Rule; perhaps by June next; an account of the progress made toward the total abolition of absentee landlordism and its attendant evils in the Emerald Isle, and an outline of a constitution for the Empire at large. Not only Ireland, he contended, should control its own local affairs, but England, Wales, Scotland and the other countries of the Empire should have their own parliaments. "Above all these there should be an Imperial assembly, where all the Empire should be ruled and all the Empire should be represented. These are the lines upon which this question will be settled."

Wished to Visit Canada.

"When I consented to come for the fifth time as a member of a mission from the United Irish League to Canada and the United States," said Mr. O'Connor, when the applause which greeted him had subsided. "I stipulated that I should be allowed to spend the greater part of my time in Canada. This, he had done because he believed the Home Rule movement had reached a phase which would be interesting to Canada and in which Canadian influence could be of great assistance."

"I shall, therefore, celebrate my 62nd birthday on October 5 on Canadian soil," he continued. At any age he was able to look back and say that when he had started his public life, thirty years ago, Ireland was a land of paupers and slaves. "To-day Ireland has been transformed to a land of prosperous and free men," he declared. Mr. O'Connor sketched the conditions in Ireland when, in his own time, the electors were driven to the polls, forced "to ask the master" how to vote and to exercise the franchise in the presence of the men who could evict them for disobedience; when on one estate tenants could not marry without the landlord's consent; when rents could be raised at the slightest caprice of the landlord, and when eviction might take place even when the rents were paid to date.

Landlordism Passing.

Since then a change had been wrought in Ireland. Now 300,000 tenants had bought out their landlords, and in ten or fifteen years 200,000 more would own their own farms. "The very name of landlordism," said Mr. O'Connor, "will soon be forgotten as a nightmare and we shall have a solid foundation of three million people rooted on the soil of Ireland." These would form a firm bulwark against Socialism, which so many persons feared, and would not be inclined to join in any revolutionary movement. Some years ago there were a number of Irish laborers living in wretched hovels that were a shame and scandal to the world. Instead of these hovels there were now 55,000 new houses, each upon its own plot of ground. County government, once in the hands of the grand jurists and through them controlled by the landlords, was now dominated by the people themselves. Comfortable school-houses had been erected. Teachers were well paid and received pensions on retiring. The lamp of learning had been stamped out for several centuries in Ireland, but with the past year the fair fabric of a truly national university had sprung up in Dublin.

Mr. O'Connor was interrupted by two persons who endeavored to inject irrelevant remarks and were silenced by shouts of "Put him out." Order having been restored, Mr. O'Connor proceeded to say: "We want that Ireland should be governed by Irish opinion." This would mean that England would be governed by English opinion, Scotland by Scottish opinion, and Wales by Welsh opinion. Imperial affairs were interfered with in the British House of Commons by the pettiest local business. For his own part, Mr. O'Connor did not like the position now occupied by the Nationalist party in the Imperial House.

He would prefer to see the Liberal party with a larger majority.

Britain and the Empire.

"Many people," said Mr. O'Connor, "have urged that there is a necessity for closer relations between the Mother Country and the colonies. They think that if the colonies are to be governed in their foreign relations and their defence by a parliament at Westminster, they should have representation in that parliament. I take it that we can all agree that the colonies should have a voice and representation in the Imperial parliament. "The way to deal with Imperial affairs is in an Imperial parliament; the way to deal with national and local affairs is in local parliaments. The solution of this problem in the British Isles is to have one parliament, but four parliaments—one for England, one for Wales, one for Ireland, and one for Scotland, and above them there should be one great Imperial assembly, where all the Empire should be ruled and all the Empire should be represented. These are the lines upon which this question will be settled."

Mr. O'Connor said that the English people were a conservative people, who had progressed by evolution rather than by revolution. Therefore he did not think they could at the present time be got to formulate a symmetrical scheme like that which had been outlined. But opinion was turning in that direction. It had already done so in Wales and Scotland.

Home Rule Next Year?

For his own part Mr. O'Connor said he would not be surprised to see Home Rule in Ireland before next June. He hoped that the leaders of the two great political parties in Britain would reach a rational agreement as to the future status of the House of Lords, and believing that Ireland would now inevitably obtain Home Rule, he would like to see it come not as a victory of one party over another, but as a gift to Ireland from both parties.

BILIOUS HEADACHE Comes From Liver Derangements, Which Are Thoroughly Overcome by KIDNEY-LIVER PILLS

Headache is said to be the most painful in the world. It is a sort of fire alarm that warns you of something wrong with some organ of the body.

Most frequently the trouble is indigestion and torpid liver and the pain arises from the poisoned blood passing through the arteries of the brain and head.

There is no cure for bilious headache, torpid liver and indigestion that can be compared to Dr. Chase's Kidney and Liver Pills for prompt and certain results. This has been proven by so many thousands of letters published from time to time that everybody should know it by this time.

Mr. Fred Hinz, Bradhagen, Perth Co., Ont., writes: "I don't like to have my name in the papers, but feel out of justice to suffering humanity I should tell others of the good I obtained from Dr. Chase's Kidney and Liver Pills and Ointment."

"For years I was troubled a great deal with sick headaches and was often so bad that I could not work. Being advised to try Dr. Chase's Kidney and Liver Pills I did so and can say they have brought about a complete cure. From the first I found that one pill cured my headache quickly every time. I was also a victim of itching piles and found Dr. Chase's Ointment the most satisfactory treatment I ever used. It brought relief almost instantly."

You won't be satisfied with mere temporary relief when you know your headache can be completely cured by using Dr. Chase's Kidney and Liver Pills. One pill a dose, 25 cts. a box, all dealers; or Edmanson, Bates & Co., Toronto.

BLERIOT AEROPLANE MADE IN CANADA

Inventor First Tried Out His Flying Machine on Plains of Alberta

That the first of the Blériot monoplanes, the inventor of which was the first man to cross the English channel from France to England in his flying machine, was quietly tested and tried out on a huge piece of Alberta prairie, sixty miles west of Didsbury, is a story which has just come to light.

Andre Blériot is the man who invented his monoplane and made of it such a successful flying machine, and at the time of its first trial he was with his two brothers on their ranch near Didsbury. According to the story told by several Didsbury men, he had been working quietly on his machine for some time, and immediately he found he was successful, he took his plans and went to France.

Blériot is a Frenchman and his two brothers are still on the ranch near Didsbury. They began ranching on homesteads and pre-emptions, sixty miles west of Didsbury, some six years ago, and are frequent visitors to Calgary. It is the intention of Andre Blériot to establish a factory for the construction of his machines in Canada and Montreal has been picked as the headquarters. He reached there a few days ago and will probably come west to visit his brothers in a few weeks.

It will be remembered that about one year ago paragraphs appeared in some of the provincial newspapers to the effect that a mysterious flying machine or airship had been seen around Stettler and Didsbury. It has now transpired that this was the Blériot monoplane, and it was the inventor trying out his machine before going to France with it.

Trusses—The common sort are usually instruments of torture and prevent a cure. If you value safety and care for your feet consult Mr. T. Mac N. Jones, 1175, 1248 Fort St.

There are fewer quackeries among miners than among any other class of workmen.

Notice

Notice is hereby given that an extraordinary general meeting of the shareholders of the Pacific Whaling Company, Limited, will be held on Friday, October 14th at 3 p. m., in the Board of Trade room, Board of Trade building, to consider, and if thought fit, to pass a resolution providing for the sale of all the assets and business of the company as a going concern upon terms which will be submitted at such meeting.

A. R. LANGLEY, Secretary.

READ THE DAILY TIMES

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

Local Improvement Works

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with bituminous macadam Blanchard street, between Humboldt street and Douglas street, and to construct permanent sidewalks of concrete with curbs and gutters on both sides of said street, including cost of sewer, surface drain and water laterals.
2. To pave with asphalt Vancouver street, from the south side of Burdette avenue to Humboldt street (roadway 22 feet wide, including cost of sewer, surface drain and water laterals.
3. To pave with asphalt Menzies street, from Belleville street to Simcoe street, including cost of sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement By-Law and amendments thereto, having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of the several showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted, and the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C.
City Clerk's Office, Victoria, B. C., September 27th, 1910.

Local Improvement Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with asphalt Queen's Avenue (roadway 25 feet wide) from Quadra Street to Cook Street, and construct a permanent sidewalk, with curbs and gutters, on the north side of said avenue, from Quadra Street to Cook Street, and on the south side of said avenue from Vancouver Street to Cook Street, and to construct permanent sidewalks on both sides of said avenue from Cook Street to Chambers Street, and to construct a curb and gutter along the northern boundary of the North Park, including cost of sewer, surface drain and water laterals.
2. To grade, drain and macadamize with bitumen Vancouver Street, between Queen's Avenue and Bay Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), also cost for main sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements show-

ing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C.
City Clerk's Office, Victoria, B. C., September 27th, 1910.

Tenders for Paving Vancouver Street

Tenders will be received by the undersigned up to 4 p. m. Friday, October 14th, for the paving of Vancouver street with asphalt, from Pandora avenue to Humboldt street. Plans and specifications can be seen at the Purchasing Agent's Office. The lowest or any tender not necessarily accepted.

W. M. W. NORTHCOTT, Purchasing Agent.
City Hall, Oct. 8th, 1910.

Police Clothing

TENDERS will be received by the undersigned up to 4 p. m. on Monday, the 17th inst., for 31 Pairs Blue Serge Pants for winter use, with white stripe down the leg seam, to be made as sample to be seen in the office. Particulars tendering will send sample of cloth with tender and state time of delivery. Delivery to be made at office of Chief of Police. To be made by white labor, and to the entire satisfaction of the Police Commissioners.

The lowest or any tender not necessarily accepted.
W. M. W. NORTHCOTT, Purchasing Agent.
City Hall.

Tenders for Brass Goods, Pipe and Fittings.

Separate tenders endorsed, sealed and addressed to Wm. W. Northcott, Purchasing Agent, will be received up to 4 p. m. on Monday, the 24th day of October, 1910, for the following:

- First, Brass Goods.
- Second, Galvanized Fittings.
- Third, Lead Pipe.
- Fourth, Galvanized Iron Pipe.

Specifications can be seen and had at

the office of the undersigned. The lowest or any tender not necessarily accepted.

W. M. W. NORTHCOTT, Purchasing Agent.
City Hall, September 14, 1910.

Tenders for Material

Tenders will be received by the undersigned for a quantity of second-hand material which can be seen at the Reservoir, Smith's Hill. Lists of the goods can be seen at the Purchasing Agent's Office, to whom tenders must be sent up to Monday, October 17th, at 4 p. m. The parties bidding for the above will be required to furnish with their tender a certified cheque on a chartered bank of Canada for the amount they propose to offer for the above goods. Said goods are to be removed within one month after the tender is accepted, the highest or any tender not necessarily accepted.

W. M. W. NORTHCOTT, Purchasing Agent.
City Hall, October 7th, 1910.

CIVIC NOTICE.

Re Municipal Election, 1911.

The attention of persons desiring to qualify as "Householders," or "Holders of Trade Licenses," to vote at the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a trade license, or in the case of a householder, he, or she, shall, during the month of October in each year, make, and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act in the case of the holder of a Trade License, and of Form 2 in said Schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (11) of Section 29 of Chapter 22 of the Statutes of 1906, being the "Municipal Clauses Act" as amended (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs."

Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it is delivered within 48 hours after it is made."

Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."

Forms of Declaration may be obtained, and the necessary Declarations made, at the Office of the City Assessor, 2nd floor, City Hall, Douglas Street.

WELLINGTON J. DOWLER, C. M. C.
City Clerk's Office, Victoria, B. C., September 23rd, 1910.

Phone 645 619 Trounce Avenue

ROBBERS FAILED.

Attempt to Blow Open Safe in Railway Station at Fernie.

Fernie, Oct. 10.—The safe in the Great Northern station was blown open Friday night, apparently by amateur yeggmen. They entered the office through a window and ransacked a dozen trunks, from which they se-

cured some metallic cartridges, some blankets and feather pillows. They charged the lock of the safe with powder from the shells, muffled the safe with the blankets and pillows, set a short fuse going and awaited results, which were not encouraging, for they found the second door of solid steel, still intact, through which they failed to penetrate, though they broke off the knob and combination. The burglars took nothing of value

Scene from "The City," which will be presented at the Victoria Theatre to-morrow night.

TO HOME SEEKERS!

except a thousand tickets found in the ticket cabinet.

Two men have been lodged in jail by Chief Clark and are being held on suspicion of being implicated in the attempted robbery.

At 2 o'clock Saturday morning the cash register at the Rama hotel was broken into during the absence of the bartender at lunch, and some thirty or forty dollars extracted.

At a little before 10 o'clock Friday night Jentor Ayling, of the Bank of Commerce, was held up in North Victoria avenue by a man who demanded from him the keys to the bank buildings. Striking the man a stiff blow between the eyes with his fist, Mr. Ayling ran home, and no trace of the man who made the demand has yet been found.

HINDU WOUNDED.

Seattle, Wash., Oct. 10.—Believed by the police department to be the victim of a long existing feud against his countrymen, a Hindu, lies on a cot at the city hospital temporarily bereft of his reason and suffering from injuries about his head and neck. Singh was found in the doorway of a lodging house, his head covered by blood and bearing marks made by some unusual weapon. He was taken to the city hospital and on regaining consciousness, expressed fear of something he believed to be pursuing him.

BRIBERY INVESTIGATION.

Chicago, Oct. 10.—Speaker Shurtliff of the Illinois legislature, on Saturday testified before the Lorimer investigating committee that he had not heard of any money being offered for votes to elect William Lorimer to the United States senate. He added that he had not in any way attempted to influence the vote of any legislator.

State Senator Hollislaw was recalled and testified that Senator Frothingham offered him \$2,500 for his vote for Lorimer.

Three pints of liquid a day are sufficient for the average adult.

RESIDENTS OF NELSON

DIE SUDDENLY
John Lewis and Richard Hall Drop Dead in Hotels in City

Nelson, Oct. 8.—Two residents of Nelson died suddenly here in 30 hours. John Lewis was playing a game of patience with cards in the billiard room of the Royal hotel, when Harry Gardner, the manager, invited him to have a drink in company with a number of others. Mr. Lewis accepted the invitation but immediately on taking the drink complained that he had swallowed a piece of tobacco he had in his mouth at the time. He commenced to cough and died while Mr. Gardner was telephoning for a physician. who arrived on the scene in five minutes. To find life extinct. The doctor pronounced hemorrhage of the stomach as the cause of death. The late Mr. Lewis was 63 or 64 years of age. He was of English birth, having come from Worcester-shire and had been in this country about 20 years, the bulk of the time in the vicinity of Nelson.

Death came suddenly to Richard Hall, porter at the Madden house. Mr. Hall was seen by those in the rotunda to fall to the floor. He was immediately raised by Thomas Madden, proprietor of the hotel, and a doctor was instantly summoned. Life, however, had fled when he arrived. The late Mr. Hall was a native of Abingdon, Berks, England. He came to Nelson last May with his daughter. For the past two months he has been porter at the Madden. The deceased was 63 years of age.

POULTRYMEN ORGANIZE.

Roseland, Oct. 8.—A meeting was held at the city hall for the purpose of forming a poultry association for Roseland, and additional interest was added to the proceedings from the fact that there was present to give them the benefit of his advice, T. G. Edwards, formerly of Roseland, and now of Victoria, who has been judging at various shows in the province.
E. S. H. Winn presided over a very gratifying attendance of those interested in the keeping of poultry. T. G. Edwards said it was not necessary to advance much argument in favor of keeping poultry, the most valuable of farm products.
In answer to the chairman, Mr. Edwards said that there was a sum of \$2,500 placed at the disposal of the Provincial Poultry Association, and up-country districts would, out of this sum, receive \$150 if they would form an association independent of any other organization. The government had no interest in this, but they believed that there would result a great help to the commerce of the province.
It was formally moved and seconded that a poultry association be formed for Roseland, and this was carried unanimously.
J. Hooson suggested the advisability of Roseland and Trail joining in one association, and asked if they could put up a decent show in Roseland.
Mr. Edwards said he had been round to many of those who kept birds, and he thought they had a better class of bird than he had seen in his travels.

DR. CHASE'S OINTMENT.

FRUIT CANNING AND PACKING PLANT

Committee Appointed at Duncan to Prepare Report on Proposed Establishment

(Special Correspondence.)
Duncan, Oct. 8.—A meeting was held in the Agricultural hall to discuss the project of establishing a co-operative fruit canning and packing establishment. Mr. H. Hayward occupied the chair and in a short speech set forth the benefits of such an establishment. He thought the time had come for the fruit farmers to handle their own produce and not to be any longer at the mercy of the commission men. There was no reason why the farmers of Cowichan should not establish a canning and packing house, as others had done. Among those present were G. H. Hayden, W. H. Elkington, H. W. Bevan, D. Evans, A. McKinnon, J. H. Whitmore, L. F. Solly, Col. Medley, C. M. Lane, John Lamont, J. E. Hall, J. Weismiller, T. A. Wood, W. Paterson, W. P. Jaynes. The following resolutions were passed unanimously:
"Whereas the Cowichan district can and does produce most excellent fruit, both of the large and small varieties; and whereas at the present time there are no means available for the proper grading and packing of the same for the market; and whereas there is a very large amount of good clean but small and sometimes overripe fruit wasted each year; therefore be it resolved, that this meeting hereby appoint a committee consisting of the following named persons: W. P. James, T. A. Wood and Walter Paterson of Koksilah, for the purpose of procuring facts, figures and all data necessary to the establishment of a co-operative fruit packing house, together with a canning and jam factory in the Cowichan district."
"And be it also resolved: that the above-mentioned committee is requested to particularly look into: (1) Probable cost, (2) the chances of financial success, (3) The markets for the products of such establishment and report to an adjourned meeting to be held at this hall on Thursday, January 20, 1911, at 11 o'clock."
That all those interested in the fruit industry in Cowichan district are requested to contribute toward a fund to be placed at the disposal of the committee just appointed, to pay the necessary expenses of obtaining and bringing together the facts, figures, etc., for the proposed packing, canning and jam factory and to facilitate the collection, expenditure and accounting of same. Mr. W. Hanham of the Bank of B. N. A. is hereby appointed secretary and treasurer of the committee.

PRINCE RUPEL HOSPITAL.
Ladies of City Organize to Assist in Work.

Prince Rupert, Oct. 8.—A woman's auxiliary in connection with the local hospital has been organized as a result of the move made by the board of directors at the last meeting. In response to the call of the directors a meeting was held in the board of trade room. Several members of the general association were present and explained the necessity for organization of a woman's auxiliary. After the members of the association had withdrawn discussion followed among the ladies which resulted in the election of officers as follows: President, Mrs. Eggert; vice-president, Mrs. Fitt; secretary, Mrs. McCaffrey; treasurer, Mrs. Stork.

Various plans for the raising of money were suggested and it was resolved to give a series of popular entertainments. The following committee were appointed to arrange for a ball to be given about October 14.
Concert committee, consisting of the officers who are to interview the school principal and teachers to secure their co-operation, and if possible arrange for a school concert about October 28.
Tag day committee, to arrange for date or dates, etc., and report at the next meeting.

There will probably be two more balls given under the auspices of the auxiliary; also a bazaar and food fair about Easter, and, if possible, another concert or two.

BUILDING AERIAL TRAMWAY.

Phoenix, Oct. 8.—The British Columbia Copper Company last week commenced the construction of an aerial tramway from its Lone Star mine in Washington state, to Boundary Falls, B. C., a distance of five and a half miles. The aerial system is estimated to cost \$75,000. Buckets carrying about 600 pounds of ore will be operated over the line, which will have a capacity of 20 tons per hour. The ore thus conveyed to Boundary Falls will be shipped to the company's smelter at Greenwood, a distance of four miles, via the C. P. R.
The ore from the Lone Star mine has been hauled by wagon to a point on the Kettle Valley railway and shipped to Grand Forks, then via the C. P. R. to Greenwood and the transportation was a problem in the operation of the property. An effort was made to have the C. P. R. extend its Wellington camp line a little further south to try the Lone Star, but this was abandoned in favor of the aerial tram line. The Lone Star is a promising property with a large tonnage of ore blocked out.

RAISING FUNDS FOR CO-VALESCENT HOME

Foresters Will Give Dance at Duncan—Excellent Progress Made on Building

(Special Correspondence.)
Duncan, Oct. 8.—On Friday next the Foresters will give a dance in aid of the convalescent home fund. Prof. Harvey's orchestra from Nanaimo has been engaged and a very excellent supper is being arranged by a committee of ladies under the leadership of Mrs. Macdonald and Mrs. Henderson. The building of the convalescent home is making rapid progress. The framework is now in place and the building ready for the Malthoid roofing which is to be used. Subscription lists have been placed in the bank and some of the leading business places, and without canvassing, the sum of about \$600 has been raised, with the promise that when the amount reaches \$1,500 Captain C. Phillips-Wolly will give the last hundred. The government has given \$1,000, the municipal council has given a donation and the King's Daughters have for years been quietly gathering the rest. The building when completed will cost in the neighborhood of \$5,500.

Miss K. Robertson gave a farewell tea on Friday in honor of Mrs. Kathleen Powell, who leaves next week for Eastern Canada.

Mr. and Mrs. Alfred Hargrave are the guests of Mr. and Mrs. E. F. Miller. The bridge club of South Cowichan will give their annual dance before beginning the season's play, on Wednesday evening next.

The Duncan Lawn Tennis Club held its annual dance on Wednesday last in the Agricultural hall. The hall was decorated with flags, tennis nets, festoons of tennis balls. Miss Thair's orchestra of three pieces, from Victoria, supplied the music. The supper table was arranged by a committee of ladies and was very dainty. The tables were prettily decorated with cosmos, white crysanthemums and autumn leaves. Those present included a party from Shawnigan consisting of Mr. and Mrs. N. A. D. Armstrong, Miss Swan, the Messrs. L. and O. Hamilton.

Mrs. Gidley and her daughter are spending some time in Victoria. Mrs. Gidley has been ill for some time but is now convalescent.
R. Ventress has been ill in Jubilee hospital for some time.

NANAIMO TRUSTEES AND MANUAL TRAINING

Board Unable to Accept Offer in Connection With This Department

Nanaimo, Oct. 8.—The regular meeting of the board of school trustees was held yesterday. A communication was received from Henry Dunnell, inspector of manual training, asking if the school board intended taking advantage of the offer of the government to furnish three-fourths of the cost of tools, benches, etc., in the inauguration of a course of manual training in connection with the public schools.
On motion the communication was received and filed, the trustees feeling they could not take advantage of the offer at the present time.
Inspector J. S. Gordon, who wrote the board complimenting the High school teaching staff on its efficient work and calling attention to the defective equipment in connection with the city's high branch of learning. The inspector expressed the hope a new High school building would be erected on a good site and that the salaries of the High school teachers be increased.
The communication was received and filed.

REVELSTOKE POWER PLANT.

Revelstoke, Oct. 8.—Good progress is being made with the construction of the new city power house and the installation of the machinery. The new concrete dam, when completed, will be sufficient to develop about 2,500 horsepower. The rapid rising of the Kootenai river early in the spring prevented the structure from being finished although a large head of water was maintained during the summer. There is yet considerable work to be done on the dam. But a short piece of the new six-foot barrel flume from the dam to the power house remains to be completed, the entire length being about 1,500 feet. The turbine is twenty-seven inches in diameter, and with a full head of water is capable of developing over 1,000 horsepower, and is coupled direct to a 450 k.w. generator, the iron being bedded on solid concrete. This new set of machinery will be entirely separate from the other, the whole plant in reality being duplicated. The new power house will be built close onto the old one, and will be of concrete and brick. One of the old generators will be taken out leaving a full set of 150 k.w. generator (old). The three-phase system, which will give a continuous light and power service all over the city day and night.
About twenty men are at present employed on the work, which will be rushed to completion.

BRITISH-AMERICAN TRUST CO., LTD.
Broad and View Streets.

TEN ACRES, Lake Hill, well within three-mile circle; excellently located; cornering on two roads. Price \$4,200, on reasonable terms.

TO DEVELOP COAL LANDS NEAR MASSET

Provincial Capitalists Will Shortly Begin Boring Operations

Prince Rupert, Oct. 8.—Among the recent visitors to the city was John G. Johnston, who is prominently identified with various enterprises connected with the Queen Charlotte Islands. He represents a strong syndicate of capitalists in Vancouver and Victoria who are interested in the coal deposits of that part of the province.
There is reason to believe that this syndicate will soon begin operations in connection with the properties held by them near Masset. Almost at once a first class boring outfit is to be put at work on the ground in order to fully test the measures which are held by the company. Following this there will be active mining carried on, the intention being to go right ahead with the development of the mines.

LAND REGISTRY EMPLOYEES.

New Westminster, Oct. 9.—R. H. Cheyne has been appointed chief clerk of the land registry office, succeeding J. Stillwell Clute, who resigned some time ago. E. O'Brien has been placed on the permanent staff and five new clerks have been engaged, these being C. H. Wade, A. Small, G. Schmidt, S. Gilchrist and T. J. Johnston.

WINS SHIELD.

New Westminster, Oct. 8.—Surrey has once again won the Dewar challenge shield for the best district exhibit, with Langley a close second. Kelowna secured the honors in the district fruit exhibit, over the only other competitor, Salmon Arm.

KIDNEY MISERY AND BACKACHE VANISHES

A Few Doses Make Kidneys Act Fine and End Urinary Trouble.

No reader of this paper, whether man or woman, need be miserable because of Backache or kidney or bladder disorders.
The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Gravel, Diabetes or Bright's Disease.
Pape's Diuretic acts at once upon the kidneys, bladder and entire urinary system, cleanses, heals and regulates these organs, ducts and glands, and completes the cure within a few days. The moment you suspect any kidney or urinary derangement, or feel a constant, dull backache or notice that the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding, you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.
Misery in the back, sides or loins, sick headache, inflamed or puffy eyelids, nervousness, prostrating trouble, rheumatism and darting pains, heart palpitations, bilious stomach, diarrhoea, sleeplessness, listless, weak, worn-out feeling, and other symptoms caused by inactive, sluggish kidneys, simply vanish. Uncontrollable urination (especially at night), smarting, discoloured water and all bladder misery ends.
Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape, of Cincinnati, Ohio, who prepare Pape's Diuretic—50¢ treatment—sold by every druggist in the world.

RETURNS FROM PORTLAND.

C. H. Dickle Tells of Progress of Work at Mines.

(Special Correspondence.)
Duncan, Oct. 8.—C. H. Dickle has returned to Duncan from the Portland Canal mines, where he has been for some time. During his visit the concentrator started work. The machinery and buildings at the Portland Canal mines are of a thoroughly substantial character and the output is quite up to the expectations.

London enjoys a greater area of open space than any other capital in the world.

BITULITHIC CO.NOT GETTING FAIR
PLAY, THEY SAYCan't Understand Why Petitions
From Property Owners Should
Be Turned Down

Wm. W. Northcott, purchasing agent
for the corporation, is calling for ten-
ders, which will be received up to Fri-
day next, October 14, at 4 p.m., for the
paving of Vancouver street with as-
phalt, from Pandora avenue to Hum-
boldt street. In this connection it may
be mentioned that considerable dis-
satisfaction exists in certain quarters
at the fact that a majority of the
members of the city council seem dis-
posed to give a fair trial to the
bitulithic type of pavement, notwith-
standing that in some instances the
property owners most interested have
by unanimous petition asked that this
pavement be laid down.

A Times reporter this morning inter-
viewed Frederick C. Beckett, local rep-
resentative of the Columbia Bitu-
lithic Paving Company, and asked
wherein was his company dissatisfied
with the manner in which the city is
at present awarding contracts for
street improvements where pavements
are required. Mr. Beckett said:

"When I was appointed local rep-
resentative, exactly three months ago, I
called on the mayor and had a chat
about the bitulithic pavement. Mr.
Morley said he knew the pavement and
preferred it to any other except creosote
block, when the latter was properly
laid, but intimated that I must be
prepared to talk 'price' before I
could do anything with the council. I
then wrote a letter to the streets com-
mittee which was read and referred to
the city engineer for report, but that
report has never yet been produced so
far as I know.

"At a subsequent meeting the en-
gineer reported that the ratemakers on
Pemberton road, represented by J. A.
Mara, were desirous of having that
street surfaced with bitulithic in pre-
ference to sheet asphalt, and the en-
gineer reported that either bitulithic or
asphalt was suitable for that street,
but left it with the council to decide
which should be adopted. Alderman
Fullerton and Alderman Sargison both
intimated that they would like to see
bitulithic introduced for the sake of
competition, but the mayor said that
asphalt had been adopted as the pav-
ement in Victoria, and that as ours was
a patented pavement he was opposed
to its being laid in this city.

"We had, at the suggestion of the
engineer, reduced our price for the re-
surfacing of Pemberton road to \$1 a
square yard, which sum was Swick's
bid, but in spite of this, and in
spite of the fact that the ratemakers
were unanimously in favor of bitu-
lithic, our offer to do this work at a
reduced price was turned down. Our
original bid for this work was at the
rate of \$1.25 per square yard.

"Following this a deputation from
Pemberton road, consisting of Messrs.
J. A. Mara, B. Heisterman and A. C.
Flumerfelt, called on the mayor and
requested that the street be surfaced
with bitulithic, but they were turned
down.

"We then filed a petition for bitu-
lithic on McChure street, on which
were ten names out of a total of four-
teen ratemakers, the remaining four
being out of the city, when the petition
was circulated by Mr. Bagshawe. This
petition was, as you know, also turned
down on Friday night, and the street
is to be paved with asphalt. This ac-
tion we consider grossly unfair, hav-
ing regard to the fact that the mayor
spoke at first so much in favor of
bitulithic.

"We would mention that Victoria is
the only city of any size in the Domi-
nion of Canada that has not adopted
bitulithic, and if you will read the list
of cities in which bitulithic has been
laid my statement will be borne out.

"The charge that our pavement is
patented and, therefore, does not per-
mit of competition, is as unfair as it is
unjust; for while it is true that we
have protected the results of our abil-
ity by patents it does not at the same
time prevent competition either from
the city or from other contractors
who might desire to tender on bitu-
lithic.

"Our company is formed from Brit-
ish Columbia capital, and we have
had to protect our pavement from the
Asphalt Trust and other contractors
by requiring a small royalty in the
event of others desiring to tender
against us; for while there is but a fair
sizable profit made on the bitulithic
pavement, other contractors might
easily underbid us to the extent of a
cent a yard and lay the pavement in-

WEATHER BULLETIN.

Daily Report Furnished by the Victoria
Meteorological Department.

Victoria, Oct. 10—5 a. m.—The pressure
has increased over the Canadian Western
provinces. Heavy rain has fallen on the
coast, and temperatures in British Co. are
somewhat lower, though about
normal in the North Pacific states. East
of the Rockies the weather is fair and
colder in the prairie provinces.

Forecasts.

For 24 hours ending 5 p. m. Tuesday.
Victoria and vicinity—Light to moderate
winds, generally fair.
Lower Mainland—Light to moderate
winds, generally fair.

Observations at 5 a. m.

Victoria—Barometer, 30.01; temperature,
45; minimum, 44; wind, 4 miles N. W.; rain,
.01; weather, cloudy.
New Westminster—Barometer, 30.02;
temperature, 42; minimum, 40; wind, calm;
weather, cloudy.
Kamloops—Barometer, 29.98; tempera-
ture, 46; minimum, 46; wind, 4 miles S. E.;
